Are you looking for the ultimate guide on sex positions? Then keep reading...If you are asked to make a list of the things that lead to a great marriage, what would be your response? Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. In some religious doctrines, couples are taught that sex is only necessary for procreation. These kinds of couples would interpret sexual acts aside from the need for procreation as 'not too welcome' because of their conservative beliefs. Others do not properly discuss sex with their partners and things dwindle as a result of lack of intimacy. Just because you've popped out one or two kids does not mean you should retire from the act of having sex because it is important. Do you care to know why? Sex in a successful relationship has to give both partners pleasure and they both should be able to express themselves. When your relationship was in its early stages, you probably thought that sex happened as a result of the romantic attraction you share. Now that your relationship is aging and you are probably no longer having as much sex as you used to, you may interpret it as a lack of attraction. Don't wait until there's a spark between you and your partner. Use sex to create the spark you want. Sexual intercourse has a lot of positive physicals, emotional, social and intellectual benefits. Think of anything you want to feel, sex can help you feel it. Sex helps you create intimacy in your relationship. Partners who have great sex have a better confidence boost than others. When your experience in bed is good, you will develop a kind of high that makes you feel strong and confident in the other parts of your life. When your sexual life is good, your self-esteem is good. You begin to feel more attractive, and desirable. This feeling changes the way we see ourselves and do things. Go on your street and tell a random person that they are beautiful. Of course, they'd smile, but after the smile, they'd walk away with a different gait and carriage than they possess before. Feeling attractive makes us think about positive things. This book covers the following topics: Intimacy: pre-sexSex positionsOrgasmSex position for pregnant womenSex positions for insecurity, anxiety, and premature ejaculationFantasies & fetishesWhy there's need for sex and the use of different sex positions in a relationshipCommunication... ★ 55% OFF for Bookstores! NOW at $ 32.97 instead of $ 41.97! ★ Do you want to know everything about Kama sutra?Your Customers Will Never Stop To Use This Amazing Guide! In this book, we'll explore the ideas of Kama Sutra and discover how it can re-connect you with one another, through that invisible umbilical cord that mutually and continually feeds you and your relationship. We'll find out how that existing connection can be the source of renewed sexual joy in your relationship; how it can make the difference between a long-term live-in friendship, and a vibrant, life-long sexual relationship between committed lovers and partners. Being in a committed, loving relationship always seem so easy and natural when we first set our feet on the path. Hand in hand, we walk into the future as a couple, swept away in our love for one another; believing that "forever" isn't such a long time in the company of the one we adore. But life in a long-term romantic relationship isn't as easy as many of us have been led to believe. It's not just about the compromise, listening and understanding. Let's be honest and admit that it's also about the sex. Sexuality in a long-term relationship or marriage can dwindle over the years. If we have children, their arrival can change the nature of our sexuality. First and foremost is the inevitable transformation of our roles from life-long lovers to parents and guardians. There's also the stress of child-rearing. The baby who won't go to sleep. The dirty nappies. The shift of focus from each other to the new life that demands our care and attention. Some say sexuality between long-time partners can be re-ignited by "spicing things up". Costumes, saucy talk and sex aids can come into play to perhaps make things more fun. But what's really at the basis of your love? What's really the true cornerstone of your relationship? Is there something deeper you can draw on as a resource to lift up your sexuality and make it as enduring as the love your share? It can be hard to believe that your sex life can be improved and changed by words written in a text, but it can. In fact, improving your sex life can be done without help at all, but you need to know yourself 100% if you ever expect to please someone else (inside and outside of the bedroom). There are so many ways in which each of us are pleased via sexually. Finding out what pleases each and every one of us is the difficult part. The Kama Sutra states that all of us can find pleasure and desire in one another, but only if certain factors are taken into account. This book covers: Is Sexual Compatibility important? Overcome sexual anxiety, shyness and insecurity Turn a boring relationship in an exciting couple game The Top sexual fantasies revealed How to create the right intimacy The best sex positions for couples Increase sexual passion with dirty sexy games Top foods to enhance stamina and libido in your sex With this book, you will be able to identify and implement steps that will change the way you look at yourself, life and sex. You will feel born again with the willingness and want to change or start anew. Having a great sex life isn't just a fairytale or something you see in movies or pornography. A great sex life is achieved by hard work on your part and life changing practices that are kept up with throughout your life. Nothing in life is easy and this is no exception to that.
