Minna no Nihongo Shokyu I Dai 2-Han Honsatsu Kanji-Kana 3A Corporation Since it was first published in 1998, Minna no Nihongo has been a long-selling and classic textbook for both teachers and learners of Japanese alike.

"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction.

For any beginner of Japanese, adjectives and adverbs are bound to present a challenge. Unlike English adjectives, Japanese ones conjugate, meaning that you must memorize their various forms before being able to build sentences of any complexity. Adverbs do not conjugate, but make use of particles to show their grammatical relationship to other words, and some have very subtle shades of meaning that are difficult to grasp. Moreover, many do not translate into adverbs in English. The role these parts of speech play in adding flavor to the Japanese language is invaluable. This handy reference manual introduces the basic (and basics of) adjectives and adverbs in a clear and sensible way, enabling students not only to speak Japanese but to do it with pizzazz. The book is divided roughly in half, the first half dealing with adjectives, the second with adverbs. Each is prefaced by a short introduction that serves as an overview of the material introduced. The section on adjectives is divided into two parts: Part 1 covers the conjugations of i- and na-adjectives and some basic auxiliary adjectives, and Part 2 presents common sentence patterns in which adjectives appear. The adverb section is arranged by topic. Among the types of adverbs explained here are those used to express time, quantity, degree, circumstance, and natural sounds or actions (the ubiquitous onomatopoeic adverbs). Each entry in this book is given a simple, concise English explanation and two or more example sentences to illustrate its usage. Exercises every few pages enable students to measure their understanding. Finally, a number of quick-reference lists in the appendixes provide a convenient means of recalling and building vocabulary. Together with its sister publication,The Handbook of Japanese Verbs, this unique manual is certain to provide years of friendly guidance.

Grammatical terms - Characteristics of Japanese grammar - Basic conjugations - Verbs - Connection forms of important expressions - Numerals and counters - Compound words.

Essential Kanji is an integrated course for learning to read and write the 2,000 basic Japanese characters. It introduces the kanji that are now in everyday use, a mastery of which makes it possible to read most modern Japanese. Devised for either home or classroom use, the book has been tested and refined by years of use in university classes taught by the author.

How can the Japanese for Busy People series help you learn Japanese? Japanese for Busy People is, as the title suggests, a concise course for 'busy' students who want to learn natural, spoken Japanese as effectively as possible in a limited amount of time. Three main texts-Japanese for Busy People I, Japanese for Busy People II, and Japanese for Busy People III-with related workbooks, cassette tapes, ODs, teacher's manuals, and videos make up this fully integrated three-level series. At each level, enough vocabulary and grammar has been provided to enable the learner to communicate in uncomplicated adult language without having to memorize excessive amounts of vocabulary and language patterns that are not immediately useful. All components of the Japanese for Busy People series have been prepared under the guidance of a working group of experienced Japanese language instructors who reviewed and tested the material in an authentic classroom environment. Japanese for Busy People II: The Workbook is the ideal resource for any student who wishes to improve speaking, listening, reading, and writing skills in Japanese. This collection of exercises and activities has been developed to provide practice for sentence patterns presented in both the Revised Edition and Kana Version of Japanese for Busy People II. The workbook can be used both in the classroom as a supplement for introducing or reviewing lessons, and outside the classroom for homework and review. When coordinated with the exercises and quizzes in the main textbook, this workbook should enable learners to improve their command of basic Japanese in a relatively short time.' This fully illustrated Workbook includes: 'Structure Practice' -To understand the meaning and structure of sentence patterns. 'Receptive Practice' -To understand how a structure is used in context. 'Productive Practice' -To form spoken and written sentences based on the sentence patterns. Japanese for Busy People II: Workbook Tapes (available separately) has been specially designed to support this workbook.
