100 ways to tap into social media for a more profitable business In Social Media 101, social media expert and blogger Chris Brogan presents the best practices for growing the value of your social media and social networking marketing efforts. Brogan has spent two years researching what the best businesses are doing with social media and how they're doing it. Now, he presents his findings in a single, comprehensive business guide to social media. You'll learn how to cultivate profitable online relationships, develop your brand, and drive meaningful business. Brogan shows you how to build an effective blog or website for your business, monitor your online reputation and what people are saying about your business online, and create new content to share with your customers. Presents specific strategies, tactics, and tips to improve your business through improved social media and online marketing Looks at social media and the wider online universe from a strictly business perspective If you aren't using the Internet and social media to market your business and stay in touch with your customers, you're already falling behind. The Social Media 100 gives you 100 effective, proven strategies you need to succeed.

"Search Engine Optimization, also known as SEO, is how people search and find your website on the Internet. ... SEO is a key growth channel for your business, but the rules of SEO have changed dramatically in recent years. To grow your business in today's economy, you need a strong online presence. But what does that entail exactly? Marketing is no longer about mass-market advertising and outbound sales; it's about capturing demand -- grabbing the attention of people already looking to make a purchase or acquire specific knowledge. To do that, your content needs to be at the top of Internet search results"--Amazon.com.

Minimalism meets DIY in an accessible guide to household waste reduction We all know how important it is to reduce our environmental footprint, but it can be daunting to know where to begin. Enter Kathryn Kellogg, who can fit all her trash from the past two years into a 16-ounce mason jar. How? She starts by saying "no" to straws and grocery bags, and "yes" to a reusable water bottle and compostable dish scrubbers. In 101 Ways to Go Zero Waste, Kellogg shares these tips and more, along with DIY recipes for beauty and home; advice for responsible consumption and making better choices for home goods, fashion, and the office; and even secrets for how to go waste free at the airport. "It's not about perfection," she says. "It's about making better choices." This is a practical, friendly blueprint of realistic lifestyle changes for anyone who wants to reduce their waste.

Writers talk about their work in many ways: as an art, as a calling, as a lifestyle. Too often missing from these conversations is the fact that writing is also a business. The reality is, those who want to make a full- or part-time job out of writing are going to have a more positive and productive career if they understand the basic business principles underlying the industry. The Business of Being a Writer offers the business education writers need but so rarely receive. It is meant for early-career writers looking to develop a realistic set of expectations about making money from their work or for working writers who want a better understanding of the industry. Writers will gain a comprehensive picture of how the publishing world works—from queries and agents to blogging and advertising—and will learn how they can best position themselves for success over the long term. Jane Friedman has more than twenty years of experience in the publishing industry, with an emphasis on digital media strategy for authors and publishers. She is encouraging without sugarcoating, blending years of research with practical advice that will help writers market themselves and maximize their writing-related income. It will leave them empowered, confident, and ready to turn their craft into a career.

This book is intended for those people who would like to become food bloggers but who do not quite know how to start. As a matter of fact, the information provided here could help anyone who wants to be involved in blogging. Becoming a food blogger has many advantages. You get to travel if you like to. And you do have the opportunity to dine at some of the finest restaurants in your city or elsewhere. You are invited to many networking and public relations events and your personal network expands to include some of the best contacts, who could help you along the way. You can start a little business with your simple blog and watch as it grows into something substantial that could help lots of people. You could even earn a full time living from your efforts and end up having the freedom you've always dreamed of.

Transform Your Blog into a Book! The world of blogging changes rapidly, but it remains one of the most efficient ways to share your work with an eager audience. In fact, you can purposefully hone your blog content into a uniquely positioned book—one that agents and publishers will want to acquire or that you can self-publish successfully. How to Blog a Book Revised and Expanded Edition is a completely updated guide to writing and publishing a saleable book based on a blog. Expert author and blogger Nina Amir guides you through the process of developing targeted blog content that increases your chances of attracting a publisher and maximizing your visibility and authority as an author. In this revised edition
