Falling in love with a prince may be every girl's dream, but is Allegra Jackson's royal fairytale really all it seems? Allegra's headline-grabbing family have hardly prepared her for a life of public duty and sinfully delicious Prince Alessandro of Santina has always seemed virtually allergic to the idea of settling down – changing women so fast the paparazzi can barely keep up! So why, out of all the beautiful socialites his name's been linked with, did the heir to the throne pick ordinary Allegra? The royal rumour-mill is in overdrive, asking if this shock engagement really is love...or a desperate arrangement with scandalous consequences.

This open access book presents recent advances in the pure sciences that are of significance in the quest for alternatives to the use of animals in research and describes a variety of practical applications of the three key guiding principles for the more ethical use of animals in experiments – replacement, reduction, and refinement, collectively known as the 3Rs. Important examples from across the world of implementation of the 3Rs in the testing of cosmetics, chemicals, pesticides, and biologics, including vaccines, are described, with additional information on relevant regulations. The coverage also encompasses emerging approaches to alternative tests and the 3Rs. The book is based on the most informative contributions delivered at the Asian Congress 2016 on Alternatives and Animal Use in the Life Sciences. It will be of value for those
