Super Sport fans take note: The history you have been waiting for has finally been written. "Chevrolet SS" recounts the entire SS story from 1961 through the 1994-96 Impala SS. Chevy's SS package of the 1960s separated the musclecar pretenders from the real contenders. A dynamic selection of color and archival photographs along with detailed text highlights Chevelle, Camaro, Nova, Impala, Chevy II, Monte Carlo, and El Camino SS models.

DIVOn the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the "Super Sport." The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: The Super Sport Story provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined "high performance" and defined an era./div
