This is how cars are created: engineers, planners, and designers started arguing about key issues a full ten years before the first van left the factory. Join us as we dive into their world, envisioning a brand new segment in a dying corporation, getting turned down, and then, during the rebirth of Chrysler, finally coming together quickly and on a minimal budget to create a new icon. The minivan was a daring project; they had barely any money, but needed to create a new vehicle from the ground up, going where nobody had been. The insiders' stories are told with previously-unpublished photos of the original clay models and sketches dating back to 1974. (The ebook does not contain all the photos from the print version; it does have nearly all the images of sketches and clay models. The print book has a black and white interior, and is otherwise identical to the pricier Amazon and Barnes & Noble editions.)
