First time poster here: I need to travel about 830 miles next week and in order to save money I'd like to install a hitch on my 2007 Jetta 2.5 auto transmission to pull a small trailer (most likely 5' x 10'). I'm looking at a Draw-Tite hitch system. My question is what is the max tow capacity on this model of Jetta? Google gave me varied results, but most were for the TDI.
