Songs include: "Birdland" as played by Maynard Ferguson, "Rise" by Herb Albert, "Riverboat Shuffle" by Bix Beiderbecke, "Seven Steps to Heaven" by Miles Davis, "Strausbourg St. Denis" by Roy Hargrove, "There Will Never Be Another You" by Chet Baker, "West End Blues" as played by Louis Armstrong, and many more.

The vibrant world of jazz may be viewed from many perspectives, from social and cultural history to music analysis, from economics to ethnography. It is challenging and exciting territory. This volume of nineteen specially commissioned essays provides informed and accessible guidance to the challenge, offering the reader a range of expert views on the character, history and uses of jazz. The book starts by considering what kind of identity jazz has acquired and how, and goes on to discuss the crucial practices that define jazz and to examine some specific moments of historical change and some important issues for jazz study. Finally, it looks at a set of perspectives that illustrate different 'takes' on jazz - ways in which jazz has been valued and represented.

Modern Jazz Trumpet Legends By: Larry Kemp Modern Jazz Trumpet Legends is an examination of the lives and contributions of jazz trumpeters born between 1925 and 1940. Included are Miles Davis, Maynard Ferguson, Doc Severinsen, Chet Baker, and Clifford Brown along with scores of other men and women who created jazz with a trumpet. This is an essential guide for the student of jazz, those interested in history, and those who just like to read entertaining true stories about the most colorful people. The Jazz Trumpet Legends three volume series is the most comprehensive book on the subject. In the series, 867 trumpeters are discussed. The second volume covers the trumpeters in the center of the history of jazz. There are the sad stories of those who died too young (Clifford Brown at 25, Ray Wetzel at 27 from automobile accidents; Joe Gordon at 35 from a house fire; Booker Little at 23 from uremia), balanced by the positive stories of those who accomplished much with their lives (Miles Davis invented cool jazz and fusion; Maynard Ferguson took the trumpet to new heights; Lionel Ferbos performed regularly for a couple of years after his hundredth birthday; Clara Bryant and Betty O'Hara showed that women could get the job done on the trumpet). Modern Jazz Trumpet Legends contains two appendices that apply to trumpeters in all three volumes: a yearly calendar showing, for each day of the year, the trumpeters born on that date; and a geographical listing of the states and countries showing, for each place, the trumpeters born there. Early Jazz Trumpet Legends is the first of three volumes organized chronologically by date of birth. The second volume, Modern Jazz Trumpet Legends covers those born between 1925 and 1940 and the third volume, Current Jazz Trumpet Legends, covers those born after 1940.

Recording artist, saxophonist, educator, and author Gary Campbell presents an effective strategy for constructing fresh-sounding melodic lines. He progresses step by step through the concept, the practice exercises, and the practical application of Triad Pairs for Jazz. Concepts include: deriving triad pairs from the most used chord-scales, determining the best pairs for various chords and progressions, practice patterns for mastery, and exploring linear possibilities. Recommended for intermediate to advanced players as an expansion of the chord-scale approach.
