"This colossal reference book documents the timeless urge to reshape the world, and the machines used to do so from the 1088's to today. From utility tractors and loaders up to the largest diggers and bulldozers, every piece of heavy equipment is listed here by model and manufacturer, making this the most exhaustive book on the world's most hard-working vehicles and machines"--Publisher's description.

Banged into, rear-ended, run off the road, and a knife to the throat, the author kept driving. Dealing with the police shippers, receivers, dispatchers, and other drivers, trucking isn't what most people know of, and so the author brings to light the truth of trucking.
