4.48 Psychosis sees the ultimate narrowing of Sarah Kane's focus in her work. The struggle of the self to remain intact has moved in her work from civil war, into the family, into the couple, into the individual, and finally into the theatre of psychosis: the mind itself. This play was written in 1999 shortly before the playwright took her own life at age 28. On the page, the piece looks like a poem. No characters are named, and even their number is unspecified. It could be a journey through one person's mind, or an interview between a doctor and his patient.

"Everything passes/Everything perishes/Everything palls" – 4.48 Psychosis How on earth do you award aesthetic points to a 75-minute suicide note? The question comes from a review of 4.48 Psychosis ' inaugural production, the year after Sarah Kane took her own life, but this book explores the ways in which it misses the point. Kane ' s final play is much more than a bizarre farewell to mortality. It ' s a work best understood by approaching it first and foremost as theatre – as a singular component in a theatrical assemblage of bodies, voices, light and energy. The play finds an unexpectedly close fit in the established traditions of modern drama and the practices of postdramatic theatre. Glenn D ' Cruz explores this theatrical angle through a number of exemplary professional and student productions with a focus on the staging of the play by the Belarus Free Theatre (2005) and Melbourne ' s Red Stitch Theatre (2007).

Length: 1 act.

On the page, the piece looks like a poem. No characters are named, and even their number is unspecified. It could be a journey through one person's mind, or an interview between a doctor and his patient.

Love Me or Kill Me is the first study of Sarah Kane, the most significant British dramatist in post-war theater. It covers all of Kane's major plays and productions, contains hitherto unpublished material and reviews, and looks at her continuing influence after her tragic early death. Locating the main dramatic sources and features of her work as well as centralizing her place within the 'new wave' of emergent British dramatists in the 1990's, Graham Saunders provides an introduction for those familiar and unfamiliar with her work.

This volume contains the complete collection of Sarah Kane's plays, including "Blasted"; "Phaedra's Love"; "Cleansed"; "Crave"; "4.48 Psychosis"; and "Skin".

In an institution designed to rid society of its undesirables, a group of inmates try to save themselves through love. Cleansed is a tender and violent fable.

From the controversy in 1995 that heralded *Blasted*, to her death in February 1999, Sarah Kane built a reputation as an established playwright of international stature. This is the first volume of collected essays by some of the leading scholars in their field, providing a comprehensive approach to the body of work she produced in this brief period. Essays included cover the political, literary, and theatrical identities that have exerted influence on Kane's work, as well as a discussion and assessment of her innovative theatrical experiments and the performative issues that arise from within the plays. *Sarah Kane in Context* examines one of the most controversial and influential dramatists who emerged during the "In-Yer Face" generation of British dramatists in the 1990s and provides an essential guide to Kane for students and scholars alike.

First single volume edition of this bold version of a classic by Sarah Kane Sarah Kane's radical reworking of Seneca's classical tragedy of incest and unrequited lust. *Phaedra's Love* is a bold and provocative revisioning of the story of Phaedra's obsessive and destructive love of her son Hippolytus and his violent punishment by Theseus.
