A Guide to The Good Life Summary. If you lack a grand goal in living, you lack a coherent philosophy of life. Tranquility is a state marked by the absence of negative emotions such as anger, grief, anxiety, and fear, and the presence of positive emotions—in particular, joy. “Pay attention to your enemies, for they are the first to discover your mistakes.”—Antisthenes.

One of the great fears many of us face is that despite all our effort and striving, we will discover at the end that we have wasted our life. In *A Guide to the Good Life*, William B. Irvine plumbs the wisdom of Stoic philosophy, one of the most popular and successful schools of thought in ancient Rome, and shows how its insight and advice are still remarkably applicable to modern lives. In *A Guide to the Good Life*, Irvine offers a refreshing presentation of Stoicism, showing how this ancient philosophy can still direct us toward a better life. Using the psychological insights and the practical techniques of the Stoics, Irvine offers a roadmap for anyone seeking to avoid the feelings of chronic dissatisfaction that plague so many of us. Irvine looks at various Stoic techniques for attaining tranquility and shows how to put these techniques to work in our own life. As he does so, he describes his own experiences practicing Stoicism and offers valuable first-hand advice for anyone wishing to live better by following in the footsteps of these ancient philosophers. Readers learn how to minimize worry, how to let go of the past and focus our efforts on the things we can control, and how to deal with insults, grief, old age, and the distracting temptations of fame and fortune. We learn from Marcus Aurelius the importance of prizing only things of true value, and from Epictetus we learn how to be more content with what we have. Finally, *A Guide to the Good Life* shows readers how to become thoughtful observers of their own lives. If we watch ourselves as we go about our daily business and later reflect on what we saw, we can better identify the sources of distress and eventually avoid that pain in our life. By doing this, the Stoics thought, we can hope to attain a truly joyful life.

'It is written ...,' says the believer in a sacred text, and proceeds to justify all manner of terrifying things. Or so runs a popular caricature of religious faith today. Religions that center around a revelation—around a 'good book,' like the Torah or Gospels or Quran, which is seen as God's word—are widely regarded as irrational and dangerous: as based on outdated science and conducive to illiberal, inhumane moral attitudes. *The Good and the Good Book* defends revealed religion and shows how it can be reconciled with science and liberal morality. Samuel Fleischacker invites us to see revealed texts as aiming to teach neither scientific nor moral doctrines but a vision of what life is about overall. Purely naturalistic ways of thinking, he argues, cannot make much sense of our overall or ultimate good; revealed texts, by contrast, do precisely that. But these texts also need to be interpreted so as to accord with our independent understanding of morality. A delicate balance is required for this process of interpretation—between respecting the uncanny obscurity of our sacred texts and rendering them morally familiar. The book concludes with an account of how believers in one religion can respect believers in other religions, and secular people.

Intergalactic travelers had their *Hitchhiker's Guide to the Galaxy*. Evolutionists had Darwin's *The Origin of Species*. And now Mainers can have their very own manual for the good life in Maine. Styled around the *Dangerous Book for Boys*, *The Wicked Good Book* is a pithy, nostalgic, practical, and irreverent guide to getting the most out of living in the Pine Tree State. It includes helpful tips on everything from outsmarting blackfly attacks to living to tell about a moose attack. Also included are the necessary quotes that all lovers of Maine should know by heart; important historical moments; essential gear to wear in the woods, in the Old Port, and at bedtime. Plus, limericks to amuse; hunting tips on how to bag the bird or deer; a guide to the Maine sky; the 7 Wonders of Maine; the correct way to chop a tree' how to prepare for a Maine winter like it might be your last; identification of native flora and fauna; and more. A blend of hearty survival skills with everyday common sense and a fair amount of humor provides for the Uber-Maine experience.

This is a good guide for a sustainable lifestyle. It's as simple as that. Would you like to live more sustainably, but without putting a lot of time, effort or money into it? Then this is your book. It's filled with practical and positive tips on fashion, beauty, food, home, work, travel and leisure, and shows that stylish and sustainable go very well together. In particular, it demonstrates that it is about being good, not perfect: about smart choices, doing what you can and what suits you. With

this modern handbook, sustainable fashion and lifestyle expert Marieke Eyskoot makes green living fun and doable. The right addresses, beautiful labels, great places, surprising facts and handy solutions – exactly what you need. Because doing good and feeling good at the same time: this is what everyone is looking for.

The highly anticipated sequel to the instant New York Times bestseller, *A Good Girl's Guide to Murder!* More dark secrets are exposed in this addictive, true-crime fueled mystery. Pip is not a detective anymore. With the help of Ravi Singh, she released a true-crime podcast about the murder case they solved together last year. The podcast has gone viral, yet Pip insists her investigating days are behind her. But she will have to break that promise when someone she knows goes missing. Jamie Reynolds has disappeared, on the very same night the town hosted a memorial for the sixth-year anniversary of the deaths of Andie Bell and Sal Singh. The police won't do anything about it. And if they won't look for Jamie then Pip will, uncovering more of her town's dark secrets along the way... and this time everyone is listening. But will she find him before it's too late?

A practical, refreshingly optimistic guide that uses centuries-old wisdom to help us better cope with the stresses of modern living. Some people bounce back in response to setbacks; others break. We often think that these responses are hardwired, but fortunately this is not the case. Stoicism offers us an alternative approach. Plumbing the wisdom of one of the most popular and successful schools of thought from ancient Rome, philosopher William B. Irvine teaches us to turn any challenge on its head. *The Stoic Challenge*, then, is the ultimate guide to improving your quality of life through tactics developed by ancient Stoics, from Marcus Aurelius and Seneca to Epictetus. This book uniquely combines ancient Stoic insights with techniques discovered by contemporary psychological research, such as anchoring and framing. The result is a surprisingly simple strategy for dealing with life's unpleasant and unexpected challenges—from minor setbacks like being caught in a traffic jam or having a flight cancelled to major setbacks like those experienced by physicist Stephen Hawking, who slowly lost the ability to move, and writer Jean-Dominique Bauby, who suffered from locked-in syndrome. The Stoics discovered that thinking of challenges as tests of character can dramatically alter our emotional response to them. Irvine's updated "Stoic test strategy" teaches us how to transform life's stumbling blocks into opportunities for becoming calmer, tougher, and more resilient. Not only can we overcome everyday obstacles—we can benefit from them, too.

THE INTERNATIONALLY BESTSELLING NO-NONSENSE GUIDE THAT WILL TRANSFORM YOUR LIFE. Stop worrying about being nicer, calmer, or more patient. Be a d\*ck. For author Alexandra Reinwarth, it all began when she told off a toxic friend. Realizing this person was making her life miserable, she ditched her. This one small act of rebellion sparked a huge change in the way Alexandra forever dealt with social guilt about everything. Ever struggle with how you are as a person as a friend or a coworker as a partner or a mother as a daughter-in-law? *THE GOOD GIRL'S GUIDE TO BEING A D\*CK* will teach you how to embrace your inner jerk, guiding you through who and what to get rid of from your life, stop worrying about what others think, and how the seemingly small things in life can have a huge impact on the quality of your everyday living. You'll learn

## Online Library A Guide To The Good Life

how to embrace your own needs and desires to live the life you've always wanted. For any woman who has felt that familiar agony of saying "no"--this book is for you.

Rachel Friedman has always been the consummate good girl who does well in school and plays it safe, so the college grad surprises no one more than herself when, on a whim (and in an effort to escape impending life decisions), she buys a ticket to Ireland, a place she has never visited. There she forms an unlikely bond with a free-spirited Australian girl, a born adventurer who spurs Rachel on to a yearlong odyssey that takes her to three continents, fills her life with newfound friends, and gives birth to a previously unrealized passion for adventure. As her journey takes her to Australia and South America, Rachel discovers and embraces her love of travel and unlocks more truths about herself than she ever realized she was seeking. Along the way, the erstwhile good girl finally learns to do something she's never done before: simply live for the moment.

In the closing years of the fourteenth century, an anonymous French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. The book was designed to teach this young wife the moral attributes, duties, and conduct befitting a woman of her station in society, in the almost certain event of her widowhood and subsequent remarriage. The work also provides a rich assembly of practical materials for the wife's use and for her household, including treatises on gardening and shopping, tips on choosing servants, directions on the medical care of horses and the training of hawks, plus menus for elaborate feasts, and more than 380 recipes. The Good Wife's Guide is the first complete modern English translation of this important medieval text also known as *Le Ménagier de Paris* (the Parisian household book), a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages. The Good Wife's Guide, expertly rendered into modern English by Gina L. Greco and Christine M. Rose, is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual. This edition presents the book in its entirety, as it must have existed for its earliest readers. The Guide is now a treasure for the classroom, appealing to anyone studying medieval literature or history or considering the complex lives of medieval women. It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts. The work illustrates how a (perhaps fictional) Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation.
