<i>A Brief History of the Modern Office - Harvard Business Review</i> A History of the Modern Middle East examines the profound and often dramatic transformations of the region in the past two centuries, from the Ottoman and Egyptian reforms, through the challenge of Western imperialism, to the impact of US foreign policies. Built around a framework of political history, while also carefully integrating social, cultural, and economic developments, this expertly crafted account provides readers with the most comprehensive, balanced and penetrating analysis of ...
<i>A History of the Modern Middle East: Cleveland, William L ...</i> The modern history of a middle eastern country can only be understood in the context of the larger narrative of its relation to the other movements in the region and this book does a good job of putting the story into perspective.
<i>A History of the Modern Middle East by William L. Cleveland</i> The Museum of Modern Art refurbished itself into a bigger, more beautiful version of itself. And plenty of 'un--New York' projects rushed out of the gate in the wake of September 11. One, both exotic and controversial, was the boom in malls and Texas-sized department chains.
<i>History of New York City - Lonely Planet Travel Information</i> History of New York City; Lenape and New Netherland, to 1664 New Amsterdam British and Revolution, 1665–1783 Federal and early American, 1784–1854 Tammany and Consolidation, 1855–1897 (Civil War, 1861–1865)Early 20th century, 1898–1945 Post–World War II, 1946–1977 Modern and post-9/11, 1978–present COVID-19 pandemic, 2020–present: See also
<i>History of New York City - Wikipedia</i> Our modern word 'guitar' probably comes from the ancient Greek word ????? (kithara), and doubtless, stringed instruments existed prior to recorded history. Most scholars agree, the two instruments that played the biggest part in the history of the guitar were the European lute and an Arabic instrument called an oud.
<i>History of the Guitar: Acoustic to Electric, Ancient to Modern</i> The history of New York begins around 10,000 B.C. when the first people arrived. By 1100 A.D. two main cultures had become dominant as the Iroquoian and Algonquian developed. European discovery of New York was led by the Italian Giovanni da Verrazzano in 1524 followed by the first land claim in 1609 by the Dutch.As part of New Netherland, the colony was important in the fur trade and ...
<i>History of New York (state) - Wikipedia</i> The Modern is a two Michelin-starred, contemporary American restaurant at the Museum of Modern Art, featuring three separate experiences: The Bar Room The lively Bar Room offers Chef Thomas Allan's vividly seasonal contemporary cooking à la carte, along with an award-winning wine program and carefully curated cocktails, beer, and spirits.

Well written - the greek dictum of "War as the father of all things" takes on an even more intense and deeply disturbing meaning.
<i>Amazon.com: The Oxford History of Modern War ...</i> In the linear, global, historiographical approach, modern history (the "modern period," the "modern era," "modern times") is the history of the period following post-classical history (in Europe known as the "Middle Ages"), spanning from about 1500 to the present.
<i>Human history - Wikipedia</i> Our modern timekeeping regime was born at the end of the 19th century. The fin-de-siècle was a global age like our own, linked across borders and continents and oceans. It was also a moment of...

How did the fact become modernity's most favored unit of knowledge? How did description come to seem separable from theory in the precursors of economics and the social sciences? Mary Poovey explores these questions in A History of the Modern Fact, ranging across an astonishing array of texts and ideas from the publication of the first British manual on double-entry bookkeeping in 1588 to the institutionalization of statistics in the 1830s. She shows how the production of systematic knowledge from descriptions of observed particulars influenced government, how numerical representation became the privileged vehicle for generating useful facts, and how belief—whether figured as credit, credibility, or credulity—remained essential to the production of knowledge. Illuminating the epistemological conditions that have made modern social and economic knowledge possible, A History of the Modern Fact provides important contributions to the history of political thought, economics, science, and philosophy, as well as to literary and cultural criticism.

Colin Shindler's remarkable history begins in 1948, as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions, and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences, and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

Ceruzzi pens a history of computing from the development of the first electronic digital computer to the Web and dot-com crash.

A History of Modern Britain confronts head-on the victory of shopping over politics. It tells the story of how the great political visions of New Jerusalem or a second Elizabethan Age, rival idealisms, came to be defeated by a culture of consumerism, celebrity and self-gratification. In each decade, political leaders think they know what they are doing, but find themselves confounded. Every time, the British people turn out to be stroprier and harder to herd than predicted. Throughout, Britain is a country on the edge – first of invasion, then of bankruptcy, then on the vulnerable front line of the Cold War and later in the forefront of the great opening up of capital and migration now reshaping the world. This history follows all the political and economic stories, but deals too with comedy, cars, the war against homosexuals, Sixties anarchists, oil-men and punks, Margaret Thatcher's wonderful good luck, political lies and the true heroes of British theatre.

A History of Modern Europe surveys European history from thedefeat of Napoleon to the twenty-first century, presenting majorhistorical themes in an authoritative and compellingnarrative. Concise, readable single volume covering Europe from the earlynineteenth century through the early twenty-first century Vigorous interpretation of events reflects a fresh, conciseerspective on European history Clear and thought-provoking treatment of major historicalthemes Lively narrative reflects complexity of modern Europeanhistory, but remains accessible to those unfamiliar with thefield

"This book offers a richly documented survey of modern Moroccan history. Concise and readable, it will enthrall all those searching for the background to present-day events in the region"--

... A three-volume reassessment of the last five centuries of German history ...

Tourism as we know it is a surprisingly modern concept, both a product of modernity and a force helping to shape it. From the British Grand Tour in the sixteenth century to the onset of contemporary mass tourism, travel has played a crucial role in the rise of globalization and the development of the modern world.
