The Philippines currently celebrates its Independence Day on June 12, the anniversary of Emilio Aguinaldo's declaration of independence from Spain in 1898. The declaration was not recognised by the United States which, after defeating the Spanish in the Battle of Manila Bay in May that year, acquired the Philippine Islands via the Treaty of Paris that ended the Spanish-American War .

~~History of the Philippines (1946–1965) — Wikipedia~~

The history of the Philippines between 900 and 1565 begins with the creation of the Laguna Copperplate Inscription in 900 and ends with Spanish colonisation in 1565. The inscription records its date of creation in the year 822 of the Hindu Saka calendar, corresponding to 900 AD in the Gregorian system. Therefore, the recovery of this document marks the end of prehistory of the Philippines at 900 AD. During this historical time period, the Philippine archipelago was home to numerous kingdoms and

~~A History of the Philippines, David P~~

History People have lived in the Philippines since the dawn of human history. Originally, the various islands were populated by competing tribes, each with their own king or queen. In 1521, the explorer Magellan claimed the islands for Spain and colonization began in 1565.

~~Philippines — History and Culture — iExplore~~

The Philippines is the only country in Southeast Asia that was subjected to Western colonization before it had the opportunity to develop either a centralized government ruling over a large territory or a dominant culture.

From ancient Malay settlements to Spanish colonization, the American occupation and beyond, A History of the Philippines recasts various Philippine narratives with an eye for the layers of colonial and post-colonial history that have created this diverse and fascinating population. A History of the Philippines begins with the pre-Westernized Philippines in the 16th century and continues through the 1899 Philippine-American War, the nation's relationship with the United States' controlling presence, culminating with its independence in 1946 and two ongoing

Subject: Philippines History

Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States' overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of
