New York Times, USA Today Bestseller Where there's smoke... Kaz Jorgensen is used to fear--the anxiety of negotiating treacherous currents as she captains her family's fishing trawlers, the terrifying nightmares of the day she almost lost her life on the river. But now a friend is dead, an arsonist has set the Anna Marie ablaze, and her twin brother is missing, accused of arson and murder. ...there's fire The new fire chief, Michael Chapman, is coping with personal loss that nearly destroyed him. Right after moving to town, he finds himself dealing with a secretive, insular fishing community that views him as an outsider. And after rumors circulate raising questions about his most recent arson case in his prior job, he can't afford to get involved with the sister of a suspect. But when someone takes a shot at her, he realizes that whatever happens, he can't allow another woman to die because of him. What readers are saying: "P. J. Alderman is the next Lisa Jackson" "a fast-paced mystery and an excellent read" "a small town romantic thriller set against the backdrop of the sea" ..".one could almost step off the pages and right into [Astoria, Oregon]...The powerful images offer readers a glimpse of life as a fisherman"

A woman who earns her living on Oregon's treacherous Columbia River Bar... Bar pilot Jo Henderson knows all the myths and legends of her native Astoria, but her knowledge of the undercurrents in local events proves more deadly than she thought possible when an explosion dumps her into the Columbia's icy winter waters. Though she survives her first "accident," she's unknowingly become the target of a ruthless killer. A man sworn to save lives at the risk of his own... When Bostonian John MacFallon took the job of Astoria's police chief, he left evil behind-he thought for good. But with the suspicious "accidents" piling up, Mac uncovers a plot that threatens to cripple the regional economy and destroy the woman who has quickly become far too important to him.

RITA-nominated author P. J. Alderman weaves present-day supernatural sleuthery with nineteenth-century intrigue in the first book of an enchanting new mystery series set in picturesque Port Chatham, Washington. Jordan Marsh left L.A. for the quaint Pacific Northwest town of Port Chatham in pursuit of

some much-needed R & R. As the prime suspect in her cheating husband's murder, she had been hoping to immerse herself in the restoration of the charming Victorian she'd just bought—and put all talk of homicide investigations behind her. But as she soon discovers, the coldest of cases cry out to be solved, too. For this old house comes fully furnished—with two garrulous ghosts who have a century-old murder of their own they'd like her to look into. Now, if Jordan can keep the L.A. police at bay, and sort through a suspect list of shady characters circa 1890, she might just clear a wrongly accused man's name—and her own. From the Paperback edition.

RITA-nominated author P. J. Alderman's delightful new mystery series blends haunting ghosts with hunting criminals as therapist Jordan Marsh dives deep into the past to solve a modern murder. A recent transplant to Washington State's charming seaside town of Port Chatham, Jordan is still getting used to sharing her slightly run-down but historic lodging with ghosts. As if living with the long-deceased isn't enough of a challenge, she's just found a corpse: The town's notorious womanizer Holt Stillwell is lying on the beach with a bullet in his head. Before Jordan can reel in a suspect, another victim surfaces. And this one isn't taking murder lying down. Holt's ancestor Michael Seavey, the Pacific Northwest's most infamous shanghaier, has materialized in Jordan's house, seeking to solve his own death in a suspicious shipwreck in 1893. With two murders to solve and a killer on the loose, Jordan faces yet another equally terrifying prospect: her growing attraction to the very alive and criminally attractive pub owner Jase Cunningham. From the Paperback edition.

The Hill and Wang Critical Issues Series: concise, affordable works on pivotal topics in American history, society, and politics. In this pioneering study, White explores the relationship between the natural history of the Columbia River and the human history of the Pacific Northwest for both whites and Native Americans. He concentrates on what brings humans and the river together: not only the physical space of the region but also, and primarily, energy and work. For working with the river has been central to Pacific Northwesterners' competing ways of life. It is in this way that White comes to view the Columbia River as an organic machine--with conflicting human and natural claims--and to show that whatever separation exists between humans and nature exists to be crossed.

In *The Organic Machine*, Richard White, a distinguished historian and leading scholar of the American West, explores the intimate relationship between nature and mankind along the Columbia River. Working on the cutting edge of environmental and social history, White demonstrates how, over the centuries, both native peoples and settlers have continually remade the river, treating it as a machine designed to churn out energy and sustenance. He assesses the impact on the Northwest ecology of enterprises that have marked the river's history, from salmon fishing to the Hanford Energy Works nuclear plant, and eloquently reveals the insights and illusions of those who work with the river.

In 1810 John Jacob Astor sent two expeditions to the mouth of the Columbia River to establish a far flung trade empire based on furs. Three years later his plans were in ruins and his headquarters at Astoria with its huge stock of valuable pelts were in the hands of the British and sold at a great loss to the North West Company. This daring venture was the real opening of the west. An important saga of the Western Fur Trade. John Jacob Astor, supplied Irving with many of the journals and other materials which he used in writing this history.

The vivid imagination, robust humor, and profound sense of place of the Indians of Oregon are revealed in this anthology, which gathers together hitherto

scattered and often inaccessible legends originally transcribed and translated by scholars such as Archie Phinney, Melville Jacobs, and Franz Boas.

From debut author Amy K. Green comes a devastating tale of psychological suspense: A teen pageant queen is found murdered in a small New England town and her sister's search for answers unearths more than she bargained for. Days after a young pageant queen named Jenny is found murdered, her small town grieves the loss alongside her picture-perfect parents. At first glance, Jenny's tragic death appears clear-cut for investigators. The most obvious suspect is one of her fans, an older man who may have gotten too close for comfort. But Jenny's half-sister, Virginia—the sarcastic black sheep of the family—isn't so sure of his guilt and takes matters into her own hands to find the killer. But for Jenny's case and Virginia's investigation, there's more to the story. Virginia, still living in town and haunted by her own troubled teenage years, suspects that a similar darkness lies beneath the sparkling veneer of Jenny's life. Alternating between Jenny's final days and Virginia's determined search for the truth, the sisters' dual narratives follow a harrowing trail of suspects, with surprising turns that race toward a shocking finale. Infused with dark humor and driven by two captivating young women, *The Prized Girl* tells a heartbreaking story of missed connections, a complicated family, and a town's disturbing secrets.

THE NATIONAL BESTSELLER At the age of forty-eight, writer and film critic David Denby returned to Columbia University and re-enrolled in two core courses in Western civilization to confront the literary and philosophical masterpieces -- the "great books" -- that are now at the heart of the culture wars. In *Great Books*, he leads us on a glorious tour, a rediscovery and celebration of such authors as Homer and Boccaccio, Locke and Nietzsche. Conrad and Woolf. The resulting personal odyssey is an engaging blend of self-discovery, cultural commentary, reporting, criticism, and autobiography -- an inspiration for anyone in love with the written word.
