What is direct and indirect speech - 'expression of time' in direct and indirect speech - important reporting verbs - pronoun change - tenses in direct and indirect speech - reporting verb with object - changing modal verbs - use of comma or colon - where to put reporting verb in direct speech - 'Questions' in direct and indirect speech - 'exclamations' in direct and indirect speech - 'imperatives' in direct and indirect speech - use of 'that' in indirect speech - SAMPLE THIS: What is Direct and Indirect Speech?-- There are two ways to express what someone else has said. On this basis, sentences are of two types: sentences with Direct Speech, and sentences with Indirect Speech - DIRECT SPEECH-- Direct Speech is also called Quoted Speech. Direct Speech refers exactly what someone has said. Direct Speech appears within quotation marks (.."). A comma is used before starting the exact quote within the quotation marks. Direct Speech should be word for word. Example: President declared, "I will not bear corruption in the country at any cost." INDIRECT SPEECH--

Indirect speech is also called Reported Speech. Indirect Speech does not refer exactly what someone has said. Indirect Speech doesn't appear within quotation marks but the word "that" may be used as a conjunction between the reporting verb and reported speech. Indirect Speech shouldn't be word for word. Example: President declared that he would not bear corruption in the country at any cost. Important rules for changing Direct Speech into Indirect Speech are as follows: 'Expression of Time' in Direct and Indirect Speech-- You need to change expression of time when changing direct speech (DS) into indirect speech (IDS) to match the moment of speaking. Important expressions of time in direct and indirect speech are as follows: 'now' is changed into 'then' - 'today' is changed into 'that day' - 'tomorrow' is changed into 'the next/following day' - 'yesterday' is changed into 'the day before' - 'these (days)' is changed into 'those (days)' - 'a month ago' is changed into 'a month before' - 'last weekend' is changed into 'the weekend before last' - 'last night' is changed into 'the night before' - 'a year ago' is changed into 'a year before' - 'next year' is changed into 'the following year' - 'this (morning/noon/evening)' is changed into 'that (morning/noon/evening)' - Besides expressions of time, there are many other expressions that need to be changed if you are changing Direct Speech into Indirect Speech. 'come' is changed into 'go' - 'thus' is changed into 'so' - 'these' is changed into 'those' - 'hence' is changed into 'thence' - 'here' is changed into 'there'

A work of nonfiction, Think Epic walks you through various unexplored terrains of life experiences. It is a journey of unveiling the rigid facts about human mind conditioning, where the concept of cognitive errors and the impact of digital technology are thoroughly scrutinized. It churns the preconceived ideologies and will let you see life through a fresh lens. It will enlighten your articles of faith, push you out of your comfort zone of a know-it-all and let you question the knowns. Think Epic emphasizes that true wisdom lies in the crux of Right Questions and not Answers

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. " Why should I put time into studying subjects I will never use in real life? " he protested. Without thinking, I responded, " Because if you don't get good grades, you won't get into college. " " Regardless of whether I go to college, " he replied, " I'm going to be rich. "

Now in its third Canadian edition, the market-leading Social Research Methods is an engaging and straightforward introduction to conducting quantitative and qualitative research in the social sciences. Building on the success of previous editions, the authors deftly guide students through all aspects of the research process, while providing useful tips on how to effectively collect, analyze, and interpret data, and disseminate those findings to others. With a brand new chapter on ethics and extensive updates throughout, this new edition continues to be an essential guide to the conceptual foundations, methodological approaches, and practical

"The book describes the Internet, and how Internet governance prevents it fragmenting into a 'Splinternet'. Four opposing ideologies about how data flows around the network have become prominent because they are (a) implemented by technical standards, and (b) backed by influential geopolitical entities. Each of these specifies an 'Internet', described in relation to its implementation by a specific geopolitical entity. The Four Internets of the title are the Silicon Valley Open Internet, developed by pioneers of the Internet in the 1960s, based on principles of openness and efficient dataflow; the Brussels Bourgeois Internet, exemplified by the European Union with a focus on human rights and legal administration; the DC Commercial Internet, exemplified by the Washington establishment and its focus on property rights and market solutions; and the Beijing Paternal Internet, exemplified by the Chinese government's control of Internet content. These Internets have to

coexist if the Internet as a whole is to remain connected. The book also considers the weaponization of the hacking ethic as the Moscow Spoiler model, exemplified by Russia's campaigns of misinformation at scale; this is not a vision of the Internet, but is parasitic on the others. Each of these ideologies is illustrated by a specific policy question. Potential future directions of Internet development are considered, including the policy directions that India might take, and the development of technologies such as artificial intelligence, smart cities, the Internet of Things, and social machines. A conclusion speculates on potential future Internets that may emerge alongside those described"--
