America's market economy--a heritage to cherish and the key to tomorrow's prosperity--is the unifying theme of *Economics: Work and Prosperity*. Contrasting the free enterprise system to the system that kills the goose that laid the golden eggs, the author takes the cheerful view that the market economy can continue to produce abundantly for years if people will learn to understand it and care for it properly. This enlightening text will help students become informed citizens, able to make wise decisions about the crucial area of economics.

Comprehensive English language arts program.

Offers step-by-step instruction on how to enable an academically rigorous, comprehensive education for children from preschool through high school, outlining a classical educational model while providing book lists, ordering information, and Internet links.

Beast Academy Guide 2D and its companion Practice 2D (sold separately) are the fourth part in a four-part series for 2nd grade mathematics. Book 2d includes chapters on big numbers, algorithms for additional and subtractions, and problem solving.

Ideal for students mastering a growing content-area vocabulary in social studies, science, and mathematics multisyllabic Greek- and Latin-based words help students unlock the meanings of literally thousands of words.
