Our available ABET / AET services and product range covers learning from Level 1 Basic (Pre ABET) to Level 4 (NQF 1). NQF The National Qualifications Framework (NQF) is a Framework on which standards and qualifications, agreed to by education and training stakeholders throughout the country, are registered.

The book contains a unique and refreshingly new perspective on education, training and development (ETD) practices in the 21st century workplace context. It moves away from merely revamping known and traditional principles of ETD to providing the reader and student with practical tools and new perspectives on the changing and broadening role of the ETD practitioner in the workplace. It contains new and transformative models, practical applications and guidelines for students and readers on the South African outcomes-based approach to ETD, the profession and practice of ETD, including quality assurance aspects.

This book was developed in order to deliver a unit standards-based curriculum that is in line with the National Qualifications-Framework (NQF).

The collection of discussion papers from an October 1995 conference in South Africa focuses on the implications of the country's new National Qualifications Framework (NQF), a policy initiative for reform and renewal of post-apartheid education, for language teaching and testing. Papers include: "Introductory Comments: Language Assessment and the NQF" (Edward French, Ihron Rensburg); "The NQF: Challenges in the Language Field" (Schalk Engelbrecht, Gerard Schuring); "Language Education and the National Qualifications Framework: An Introduction to Competency-Based Education and Training" (Daryl McLean); "Standards and Levels in Language Assessment" (Paul Musker, Sebolelo Nomvete); "The Assessment of Language Outcomes in ABET: Implications of an Approach" (Elizabeth Burroughs, Melissa Vieyra-King, Gabi Witthaus); "Issues Raised in Plenary: Summary" (conference participants); "Summing Up: Drawing the Issues Together: In the Context of Language Education Policy" (Neville Alexander); "Summing Up: Drawing the Issues Together: In the Context of the NQF" (Jeanne Gamble); and "Concluding Comments" (Khetsi Lehoko). A list of participants is appended. (MSE)
