Absolute Madness tells the disturbing true story of Joseph Christopher, a white serial killer who targeted black males and struck fear into the residents of New York in the 1980s. Dubbed both the 22-Caliber Killer and the Midtown Slasher, Christopher allegedly claimed eighteen victims during a savage four-month spree across the state. The investigation, aided by famed FBI profiler John Douglas, drew national attention and biting criticism from Jesse Jackson and other civil rights leaders. The killer, when at last he was unmasked, seemed an unlikely candidate to have held New York in a grip of terror. His capture was neither the end of the story nor the end of the racial strife, which flared anew during circuitous prosecutions and judicial rulings that prompted cries of a double standard in the justice system. Both a wrenching true crime story and an incisive portrait of dangerously discordant race relations in America, Absolute Madness also chronicles a lonely, vulnerable man's tragic descent into madness and the failure of the American mental health system that refused his pleas for help.

A New York Times bestseller! Written in a flowing narrative style, *Kitty Genovese: A True Account of a Public Murder and Its Private Consequences* presents the story of the horrific and infamous murder of Kitty Genovese, a young woman stalked and stabbed on the street where she lived in Queens, New York, in 1964. The case sparked national outrage when the New York Times revealed that dozens of witnesses had seen or heard the attacks on Kitty Genovese and her struggle to reach safety but had failed to come to her aid—or even call police until after the killer had fled. This book, first published in 2014 and now with a new afterword, cuts through misinformation and conjecture to present a definitive portrait of the crime, the aftermath, and the people involved. Based on six years of research, Catherine Pelonero's book presents the facts from police reports, archival material, court documents, and firsthand interviews. Pelonero offers a personal look at Kitty Genovese, an ambitious young woman viciously struck down in the prime of her life; Winston Moseley, the killer who led a double life as a responsible family-man by day and a deadly predator by night; the consequences for a community condemned; and others touched by the tragedy. Beyond just a true-crime story, the book embodies much larger themes: the phenomenon of bystander inaction, the evolution of a serial killer, and the fears and injustices spawned by the stark prejudices of an era, many of which linger to this day.

Describes the landmark homicide case headed up by detective Joe Horgas, who led the first investigation that used DNA evidence and successfully identified and captured a serial killer known as the Southside Strangler. Reprint.

To neighbors, she was the brave single mother... Raising her five kids alone in a rundown section of Sacramento, Theresa Cross Knorr seemed like the ultimate survivor. But her youngest daughter, 16-year-old Terry, told police another story: one almost too terrible to believe. But accused of imprisoning her children in a house of horrors... According to Terry, Theresa--no longer the petite brunette she once was--had turned insanely jealous of her pretty eldest daughters and enlisted the help of her two teenaged sons in a vicious campaign against their sisters. Of beating, torturing and killing her own flesh and

blood... Terry's gruesome tale told how Theresa had drugged, handcuffed and shot 16-year-old Suesan, allowing her wounds to fester, until the day she ordered her sons to burn their sister alive. Next, Terry said Theresa severely beat 20-year-old Sheila and then locked her in a stifling broom closet, so that when the girl finally starved to death, her brothers dumped her body in the same desolate mountain range where they had cremated Suesan. She could be one of the most evil murderesses of our time... It took Terry five agonizing years to convince authorities to investigate her grisly accounts of burning flesh, starvation and torture...of a mother from hell, so sadistic and so deranged, she had become her children's own executioner. Wensley Clarkson's *Whatever Mother Says ...* is the true story of a mother, madness and murder.

Lucie Blackman—tall, blond, twenty-one years old—stepped out into the vastness of Tokyo in the summer of 2000, and disappeared forever. The following winter, her dismembered remains were found buried in a seaside cave. Richard Lloyd Parry, an award-winning foreign correspondent, covered Lucie's disappearance and followed the massive search for her, the long investigation, and the even longer trial. Over ten years, he earned the trust of her family and friends, won unique access to the Japanese detectives and Japan's convoluted legal system, and delved deep into the mind of the man accused of the crime, Joji Obara, described by the judge as "unprecedented and extremely evil." The result is a book at once thrilling and revelatory, *"In Cold Blood for our times"* (Chris Cleave, author of *Incendiary* and *Little Bee*). *The People Who Eat Darkness* is one of Publishers Weekly's Top 10 Best Books of 2012

—Binged Making a Murderer? Try . . . [this] riveting portrait of a tragic, preventable crime. —Entertainment Weekly Finalist for the Edgar Award for Best Fact Crime Finalist for the Dayton Literary Peace Prize A Pulitzer Prize—winning reporter's gripping account of one young man's path to murder—and a wake-up call for mental health care in America On a summer night in 2009, three lives intersected in one American neighborhood. Two people newly in love—Teresa Butz and Jennifer Hopper, who spent many years trying to find themselves and who eventually found each other—and a young man on a dangerous psychological descent: Isaiah Kalebu, age twenty-three, the son of a distant, authoritarian father and a mother with a family history of mental illness. All three paths forever altered by a violent crime, all three stories a wake-up call to the system that failed to see the signs. In this riveting, probing, compassionate account of a murder in Seattle, Eli Sanders, who won a Pulitzer Prize for his newspaper coverage of the crime, offers a deeply reported portrait in microcosm of the state of mental health care in this country—as well as an inspiring story of love and forgiveness. Culminating in Kalebu's dangerous slide toward violence—observed by family members, police, mental health workers, lawyers, and judges, but stopped by no one—*While the City Slept* is the story of a crime of opportunity and of the string of missed opportunities that made it possible. It shows what can happen when a disturbed member of society repeatedly falls through the cracks, and in the tradition of *The Other Wes Moore* and *The Short and Tragic Life of Robert Peace*, is an indelible, human-level story, brilliantly told, with the potential to inspire social change.

Winner of the 2021 Phoenix Award in Historical Fiction from the Kops-Fetherling International Book Awards Winner of the 2021 Silver Reader View Reviewer's Choice Award in Historical Fiction The insane asylum on Blackwell's Island is a human rat trap. It is easy to get in, but once there it is impossible to get out. —Nellie Bly Elizabeth Cochrane has a secret. She isn't the madwoman with amnesia the doctors and inmates at Blackwell's Asylum think she is. In truth, she's working undercover for the *New York World*. When the managing editor refuses to hire her because she's a woman, Elizabeth strikes a deal: in exchange for a job, she'll impersonate a lunatic to expose a local asylum's abuses. When she arrives at the asylum, Elizabeth realizes she must make a decision—is she there merely to bear witness, or to intervene on behalf of the abused inmates? Can she interfere without blowing her cover? As the superintendent of the asylum grows increasingly suspicious, Elizabeth knows her scheme—and her dream of becoming a journalist in New York—is in

jeopardy. *A Feigned Madness* is a meticulously researched, fictionalized account of the woman who would come to be known as daredevil reporter Nellie Bly. At a time of cutthroat journalism, when newspapers battled for readers at any cost, Bly emerged as one of the first to break through the gender barrier—a woman who would, through her daring exploits, forge a trail for women fighting for their place in the world.

In the summer of 1937, with the Depression deep and World War II looming, a California triple murder stunned an already grim nation. After a frantic week-long manhunt for the killer, a suspect emerged, and his sensational trial captivated audiences from coast to coast. Justice was swift, and the condemned man was buried away with the horrifying story. But decades later, Pamela Everett, a lawyer and former journalist, starts digging, following up a cryptic comment her father once made about a tragedy in their past. Her journey is uniquely personal as she uncovers her family's secret history, but the investigation quickly takes unexpected turns into her professional wheelhouse. Everett unearths a truly historic legal case that included one of the earliest criminal profiles in the United States, the genesis of modern sex offender laws, and the last man sentenced to hang in California. Digging deeper and drawing on her experience with wrongful convictions, Everett then raises detailed and haunting questions about whether the authorities got the right man. Having revived the case to its rightful place in history, she leaves us with enduring concerns about the death penalty then and now. A journey chronicled through the mind of a lawyer and from the heart of a daughter, *Little Shoes* is both a captivating true crime story and a profoundly personal account of one family's struggle to cope with tragedy through the generations.

"On January 26, 1996, Dave Schultz, Olympic gold medal winner and wrestling champion, was shot in the back by du Pont heir John E. du Pont at the family's famed Foxcatcher Farm estate in Pennsylvania. Following the murder, du Pont barricaded himself in his home for two days before he was finally captured. How did the so-called best friend of amateur wrestling come to commit such a horrifying, senseless murder? For the first time ever, Dave's brother, Mark--another Olympic gold medal-winning wrestler under du Pont's patronage--tells the full story. Fascinating, powerful, and deeply personal, *Foxcatcher* is a riveting account as told by the only person close enough to know the mind of the murderer." -- Page [4] cover.

Comedy / 2m, 3f Ghosts are haunting the woods of Ontario and Alice Wimbley - avid ghost hunter and disgruntled Tim Hortons employee - is going to prove it! Armed with her recorders and a crew consisting of her skeptical friend, her sardonic sister and her paranormally-inclined cousin, Alice boldly treks into the deep forest determined to get the spirits on tape. She's finally found the perfect place to investigate when suddenly a terrified deer hunter bursts on the scene. There's definitely something strange and scary in these woods, but Alice and her friends are about to find more than they bargained for. This adventure turns up few ghosts but lots of laughs. A sharp and spirited new comedy, suitable for a general audience.
