This volume presents the proceedings of a muscle symposium, which was supported by the grant from the Fujihara Foundation of Science to be held as the Fourth Fujihara Seminar on October 28 -November 1, 2002, at Hakone, Japan. The Fujihara Seminar covers all fields of natural science, while only one proposal is

granted every year. It is therefore a great honor for me to be able to organize this meeting. Before this symposium, I have organized muscle symposia five times, and published the proceedings: " Cross-bridge Mechanism in Muscle Contraction (University of Tokyo Press, 1978), "Contractile Mechanisms in Muscle" (plenum, 1984); "Molecular Mechanisms of Muscle Contraction" (plenum, 1988); "Mechanism of Myofibril Sliding in Muscle contraction" (plenum, 1993); "Mechanisms of Work Production and Work Absorption in Muscle" (plenum, 1998). As with these proceedings, this volume contains records of discussions made not only after each presentation but also during the periods of General Discussion, in order that general readers may properly evaluate each presentation and the up-to-date situation of this research field. It was my great pleasure to

have Dr. Hugh Huxley, a principal discoverer of the sliding filament mechanism in muscle contraction, in this meeting. On my request, Dr. Huxley kindly gave a special lecture on his monumental discovery of myofibril-lattice structure by X-ray diffraction of living skeletal muscle. I hope general readers to learn how a breakthrough in a specific research field can be achieved.

In her lush, luminous debut novel,

Merlinda Bobis creates a dazzling feast for all the senses. Richly imagined, gloriously written, *Banana Heart Summer* is an incandescent tale of food, family, and longing—at once a love letter to mothers and daughters and a lively celebration of friendship and community. Twelve-year-old Nenita is hungry for everything: food, love, life. Growing up with five sisters and brothers, she searches for happiness in the magical smell of the deep-frying bananas of Nana Dora, who first tells Nenita the myth of the banana heart; in the tantalizing scent of Manolito, the heartthrob of Nenita and her friends; in the pungent aromas of the dishes she prepares for the most beautiful woman on Remedios Street. To Nenita, food is synonymous with love—the love she yearns to receive from her disappointed mother. But in this summer of broken hearts, new friendships, secrets, and

discoveries, change will be as sudden and explosive as the monsoon that marks the end of the sweltering heat—and transforms Nenita ' s young life in ways she could never imagine.
