ACE Personal Trainer Study Guide 2018-2019 and ACE Personal Trainer Exam Prep Book for the American Council on Exercise Personal Training Certification Exam.

ACSM's Resources for the Personal Trainer provides a broad introduction to the field of personal training, covering both basic science topics and practical application. It was originally designed to help people prepare for the ACSM Personal Training Certification Exam. It continues to serve that function, but the market for it has expanded to practitioners in the field looking for an additional resource, as well as in an academic setting where the book is a core text for personal training programs.

ACE Group Fitness Instructor Manual was designed to prepare fitness professionals to work in group and class settings and is the main study for the ACE Group Fitness Instructor. Developed and written by 17 of the industry's top experts, the ACE Group Fitness Instructor Manual is an excellent resource, addressing the core competencies you need regardless of the types of classes you teach. It provides overviews of nine of the most popular modalities, including aquatic exercise, fitness yoga, and Pilates mat training. Topics range from exercise physiology, anatomy, kinesiology, and health screening to adherence, injury prevention, and legal and professional responsibilities. Special attention has been given to fitness for special populations, including pregnant women and those with significant weight challenges. Companion DVD included.

If you're looking for a guide to strength training that addresses your needs—not your boyfriend's or husband's—then look no further! A Woman's Guide to Muscle and Strength is created for women, by a woman. Designed to target the unique ways your body works and reacts to exercises, this resource will produce the lean and well-toned physique that you seek. Nationally recognized and sought-after personal trainer Irene Lewis-McCormick has packed over 100 of the top exercises for women into this single resource. As a featured writer for popular publications such as Shape and More magazines, Lewis-McCormick makes it easy for women of all ages and abilities to transform their bodies, and she does so by providing progressive training programs while putting common training myths to rest. From free weights and TRX suspension training to foam rollers and exercise balls, this book has the workouts to fit your plan. Whether you're looking for a complete body transformation or simply looking for an easy way to gain strength and definition, A Woman's Guide to Muscle and Strength is your guide to the strong, sexy, and toned body you want.
