Advanced Accounting (9th  
Edition) (Advanced Accounting)  
This is a horribly written book.  
The answers to the exercises are  
really hard to find in the text. A  
book should not involve a deep  
thought process, as that should  
be saved for the exams. I don't  
think the author matched well  
with his questions and what he or  
she wrote in the book.

development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.
