Agonizing Love is a rich anthology of those legendary romance comic books that once filled newsstands to overflowing during their heyday in the 1940s and '50s. "I Craved His Kisses," "With Hate in My Heart," "Kisses Came Second," "Flame of Jealousy," "Was I a Wicked Wife?": these stories are just a taste of the absolutely riveting dramas that play out in the sob-racked pages of this evocative collection. Agonizing Love is there any other kind? – runs the narrative gamut from honeymoon to heartbreak, first love to total loss, marital bliss to marriage hell, and all the stops in between. Throughout these colorful pages you will find a diverse selection of cover art and stories enhanced by a plethora of engaging quizzes ("Are You Ready for Marriage?"), confessional letters from readers, informative articles, tips on choosing the right man (or getting rid of the wrong one!), and oh, so much more! Compiled and with witty, informative commentary by pop-culture expert Michael Barson, Agonizing Love is an irresistible treasure trove sure to please comic-book lovers, soap-opera fans, and die-hard romantics who could use a good slap in the face. This is a heartfelt, often tear-drenched valentine to a long lost – but never to be forgotten – era.

For the better part of three decades romance comics were an American institution. Nearly 6000 titles were published between 1947 and 1977, and for a time one in five comics sold in the U.S. was a romance comic. This first full-length study examines the several types of romance comics, their creators and publishing history. The author explores significant periods in the development of the genre, including the origins of Archie Comics and other teen publications, the romance comic – boom and bust – of the 1950s, and their sudden disappearance when fantasy and superhero comics began to dominate in the late 1970s.

In the late 1940s, Joe Simon and Jack Kirby – creators of Captain America – set the comics world on fire with the creation of a new genre that resulted in some of the best-selling American comic books of all time: the romance comics. The stories they created were exciting, innovative, and beautifully drawn, and remain a high point in both artists' careers, even as Kirby went on to become the unrivaled King of Comics and co-creator (along with Stan Lee) of many of the most iconic characters in American history.

My Love. Teen-Age Romance. Love Romance. Picking up a theme? The romance genre spanned nearly half a century, and now Marvel's picked some of its best from the sixties and seventies! "It Happened at Woodstock," "My Heart Broke in Hollywood," "Love on the Rebound!" Featuring Smart Styles and Heavenly Hairdos with Patsy Walker in a pre-Hellcat tale! Collects Love Romance #89 and #101-104; My Love #2, #14, #16 and #18-20; Teen-Age Romance #77 and #84, Our Love Story and Patsy Walker #119.

"Red Scared! offers valuable lessons from the vault on how to identify Communists, media reports on the jolly side of Stalin, guidelines for bomb shelter chic, and much more. As they did in their other lively pop-culture histories, Teenage Confidential and Wedding Bell Blues, Michael Barson and Steven Heller once again bring the nearly forgotten details of American culture into full relief with Red Scared!" --BOOK JACKET.

A first-time collection of the best romance comics of the 1950s, these brightly illustrated, naturalistic tales (originally published by Archer St. John and written by unrecognised comics master Dana Dutch) are about high school girls who may be inexperienced, but definitely have minds of their own. They choose the guys, not the other way round, and it is they who deal with life's difficulties on their own, not some cardboard Romeo who comes to save the day. Many of the stories are illustrated by Matt Baker, who achieved fame in the 1950s with Phantom Lady.

A guide to libraries as creative spaces including exercises, best practices, and examples for artists, librarians, and community members.

Examines American culture at the height of the Cold War to reveal the paranoia that permeated the era's films and literature

Parodies the romance comics of the 1940s to the 1970s and offers irreverent dating attitudes and romantic advice, updating ten DC Comics romance stories with new word balloons and captions to accompany the original artwork.

At the end of her bestselling memoir Eat, Pray, Love, Elizabeth Gilbert fell in love with Felipe - a Brazilian-born man of Australian citizenship who'd been living in Indonesia when they met. Resettling in America, the couple swore eternal fidelity to each other, but also swore to never, ever, under any circumstances get legally married. (Both survivors of difficult divorces. Enough said.) But providence intervened one day in the form of the U.S. government, who - after unexpectedly detaining Felipe at an American border crossing - gave the couple a choice: they could either get married, or Felipe would never be allowed to enter the country again. Having been effectively sentenced to wed, Gilbert tackled her fears of marriage by delving completely into this topic, trying with all her might to discover (through historical research, interviews and much personal reflection) what this stubbornly enduring old institution actually is. The result is Committed - a witty and intelligent contemplation of marriage that debunks myths, unthreads fears and suggests that sometimes even the most romantic of souls must trade in her amorous fantasies for the humbling responsibility of adulthood. Gilbert's memoir - destined to become a cherished handbook for any thinking person hovering on the verge of marriage - is ultimately a clear-eyed celebration of love, with all the complexity and consequence that real love, in the real world, actually entails.
