I have purchased the Alaska Toursaver Coupon Books in the past. My most recent purchase for the 2013 season has not turned out well. Tour Operators do not always accept the Alaska Toursaver Coupons. My advice would be to contact the specific Tour Operator to see if they will indeed honor the coupon before you order the book.

Lead a life of adventure, meaning and purpose—and earn a good living. “ Thoughtful, funny, and compulsively readable, this guide shows how ordinary people can build solid livings, with independence and purpose, on their own terms. ” —Gretchen Rubin, author of the #1 New York Times bestseller The Happiness Project Still
In his early thirties, Chris Guillebeau completed a tour of every country on earth and yet he ' s never held a “ real job ” or earned a regular paycheck. Rather, he has a special genius for turning ideas into income, and he uses what he earns both to support his life of adventure and to give back. Chris identified 1,500 individuals who have built businesses earning \$50,000 or more from a modest investment (in many cases, \$100 or less), and focused on the 50 most intriguing case studies. In nearly all cases, people with no special skills discovered aspects of their personal passions that could be monetized, and were able to restructure their lives in ways that gave them greater freedom and fulfillment. Here, finally, distilled into one easy-to-use guide, are the most valuable lessons from those who ' ve learned how to turn what they do into a gateway to self-fulfillment. It ' s all about finding the intersection between your “ expertise ” —even if you don ' t consider it such— and what other people will pay for. You don ' t need an MBA, a business plan or even employees. All you need is a product or service that springs from what you love to do anyway, people willing to pay, and a way to get paid. Not content to talk in generalities, Chris tells you exactly how many dollars his group of unexpected entrepreneurs required to get their projects up and running, what these individuals did in the first weeks and months to generate significant cash; some of the key mistakes they made along the way, and the crucial insights that made the business stick. Among Chris ' s key principles: If you ' re good at one thing, you ' re probably good at something else; never teach a man to fish—sell him the fish instead; and in the battle between planning and action, action wins. In ancient times, people who were dissatisfied with their lives dreamed of finding magic lamps, buried treasure, or streets paved with gold. Today, we know that it ' s up to us to change our lives. And the best part is, if we change our own life, we can help others change theirs. This remarkable book will start you on your way.

Em Startup, Chris Guillebeau mostra-lhe que é possível viver uma vida aventureira, com significado e objetivos... e ganhar bem! Com trinta e poucos anos, Chris já visitou mais de 175 países –, porém nunca teve um «emprego a sério» ou um ordenado fixo. Em vez disto, tem um génio especial para transformar ideias em fontes de rendimento e usa o que ganha para suportar a vida aventureira que leva e ajudar os outros. Nas suas viagens já identificou mais de 1500 pessoas que, tal como ele, lançaram negócios com investimentos bastante modestos (muitas vezes 100 euros ou menos) mas que lhes rendem cerca de 40.000 euros anuais. Desse grupo, decidiu destacar os 50 estudos de caso mais representativos. Em quase todos estes casos, pessoas sem qualquer qualificação específica descobriram, nos seus passatempos, características que podiam ser rentabilizadas e conseguiram mudar de vida, ter liberdade e uma maior realização pessoal. Este livro condensa lições preciosas daqueles que conseguiram.
