Its likely they would start their invasion on a country that's not equipped too well to defend themselves, so as to minimize casualties on their forces. If I were on a mission to invade a distant planet, and subjugate the population, I'd first do some reconnaissance to find out which areas of the planet is poorly equipped to defend themselves, and land my forces on that part of the world.

The ultimate survival guide for the ultimate attack | written by two top scientists who know their subject inside and out! An amazing journey through what we do | and do not | know about how to defend ourselves before, during and after an alien invasion from space. What if there really are aliens and they do attack? Read what two scientists reveal in this (how-to) survival manual for the space age. Alien invasion. Unlikely? As unlikely as Pearl Harbor? The extinction of the dinosaurs? A meteor strike that levels whole forests in Siberia? You get the drift. Some events produce such a massive setback to life, the Earth and to humanity that we must understand and prepare for them, even if the chances are low that they'll come about. In fact, it will be criminal and abrogation of our duty to future generations if we do not get ready! But where to begin? Drs. Travis S. Taylor and Bob Boan have the answers. Both are experienced scientists, physicists with expertise in both defense and military signal intelligence and experience working with both the Department of Defense and NASA. These are intellectual heavyweights who have a clear idea of the possibilities of alien contact, the calculations of whether or not that contact will be friendly and what to do if it is not. An amazing journey through what we do | and do not | know about how to defend ourselves from space. Sure, that day may never come in our lifetimes | but everyone should have a copy of this lying around JUST IN CASE. Heck, better yet, why not commit a few of these scientists solutions to memory! Just in case. About Travis S. Taylor's ground-breaking popular fiction: | explodes with inventive action/dazzling, cutting edge scientific possibilities! | Publishers Weekly About Alien Invasion: | In a business that strictly separates technology and conjecture, this is a well considered, very comprehensive work. United States Space is a serious business, but what IF there is an external threat? | Dr Byron Knight, NRO Chief Scientist, MASINT |...the definitive book on the defense of earth against a potential alien incursion...the book also serves as an important primer on the potential future of warfare on every level. It is lightly grounded in current day realities of war and extrapolates thoughtfully but closely about future potentials. It should be on the reading list of anyone who is serious about national security and the future of war. | | John Ringo, New York Times best-selling author of military SF | It looks like the time has come to take a serious look at planetary defense from all aspects. This book introduces the subject in a way to stir thoughtful and intelligent debate. Hats off to the authors. | | Gerald B. Helman, former US Ambassador to the UN Geneva and Undersecretary of State for Political Affairs

This book contains my complete testimony about my ET and UFO contact experiences, everything that you read in this book actually happened to me and some defy almost all logical explanation. Truth is truly out there and also within.

If the dead don't get you, the aliens will Where were you when the world ended? It's a question Zoe has wanted to ask someone... anyone... since escaping death. But, she doesn't have time to sit around and wait for an answer. Moans from the dead remind her that death isn't far behind. She has to keep moving, that is until nightfall when the aliens rise from tunnels below. Why are they here? Why are they destroying Earth? Why are the dead not dead? More questions. Zoe's only hope is to find Griffin Murphy, a paleontologist who may have the answers. If he survived the invasion, Murphy is hundreds of miles away. Zoe will have to fight the dead and dodge the aliens to get to the one man she's put her faith in to save what's left of the world she once knew. If she dies, she goes down swinging. If she lives, maybe she will find someone to tell her where they were when the world ended.

A polite race of telepathic killer aliens, a ten-second world conquest, and one teenage boy collide in this wry, gutsy adventure. (Ages 14 and up) Jesse is in history class when a formidable, efficient race of aliens quietly takes over the earth in less time than it takes him to brush his teeth. Most humans simply fall asleep and never wake up. In moments, everyone Jesse knows and loves is gone, and he finds that he is now a slave to an inept alien leader. On the bright side, Jesse discovers he's developing telepathic powers, and he's not the only one. Soon he's forging new friendships and feeling unexpectedly hopeful. When a mysterious girl appears in his dreams, talking about escaping, Jesse begins to think the aliens may not be invincible after all. But if Jesse and his friends succeed, is there anywhere left to go? Brian Yansky offers a funny, grim novel packed with everything boys and sci-fi fans love: aliens, humor, action, and a healthy dose of triumph.

About this Book: 80,000 words. An alien invasion novel set in the near future. What is thought to be supernatural happenings at a town and large conservation area becomes a full-scale invasion of bloodthirsty aliens. The battle and the search for answers is on in Indian Falls as the residents, led by heavily armed local militia and a vacationing city private eye, tangle with the monsters, government, military and police aiding them. Gary L. Morton is the author of horror and sci-fi books. All of his books are available in print and e-Book.

Have you seen a flying saucer? Have you ever wondered what they come here for? I used to think that only odd people saw UFOs, but I have changed my mind. People from all walks of life have reported them! They cannot all be wrong. Why do all of the aliens reported appear humanoid? What do they want? Will they save us? This is an attempt to answer those questions, or at least to ask the questions more usefully. Learn the answers to these burning questions today! Survive the coming alien invasion.

For centuries Weyland-Yutani has tried to weaponize the aliens. Now someone has beaten them to it, sweeping through Yautja space and turning predator into prey. Faced with the overwhelming forces of the Rage, Earth envoys forge an unprecedented alliance with the Predators. Yet even the combined might of two races may not be enough to stop the carnage, as an unstoppable swarm of Xenomorphs topples planet after planet, penetrating ever deeper into the Human Sphere.

The war on the raknoth is all but won. The war on demons is just beginning. In the wake of the hybrid massacres, a devastated Enochia looks to their leaders for answers. From the safety of his White Tower, the High Cleric gives them. "Look no further than to those who upset Enochia's natural order to begin with," he says. "Look no further than to Haldin Raish, and his demonic ilk." When the Sanctum declares a holy war on all of Shaper kind, Haldin soon finds himself facing unsavory choices and even more unsavory allies. But when he learns just how much danger the raknoth still pose to Enochia, he's left with little doubt. Like it or not, Enochia is going to need its Shapers to survive what's coming. And no one else is stepping in to save the day. Now, surrounded by allies he can't trust and trapped on a planet that wants no part of him, save for his head, Haldin must face down his greatest opponent yet: the people of Enochia. Grab Children of Enochia for the special pre-order price today, and prepare for the thrilling conclusion to the Enochian War trilogy!

Knowledge is a pyramid of understanding. The pinnacle represents ultimate truth from which all other knowledge can be derived. Moving down the pyramid many details and complexity come into play. These complexities are just different expressions of a single simple reality. Scientists have searched for grand unification, and many individuals have pondered the meaning of life. Ultimately, these questions are about the same thing. Joe Paladini's insight and engineering expertise, combined with help from partners, brings a new line of products to market. These products have a remarkable effect on water and serve to rejuvenate the body. These products include solid energy crystals that never wear out, and serve as a proof of concept for the physics presented in this book. Invisible oscillating spheres of energy exist and account for 90 percent of gravitational forces in this universe. The Earth's magnetosphere is pure primordial energy accelerating towards a massive near term energy release. The details of future climate changes are presented, plus a new model of the atom. 200 million Americans will determine the future of mankind. A democracy acts when the majority clearly understands the challenges of the future, what to expect, and when.
