The National Occupational Analysis (NOA) has the following objectives: to describe and group the tasks performed by skilled workers; to identify which tasks are performed in every province and territory; to develop instruments for use in the preparation of interprovincial Red Seal examinations and curricula for training leading to the certification of skilled workers; to facilitate the mobility of apprentices and skilled workers in Canada; and, to supply employers, employees, associations, industries, training institutions and governments with analyses of occupations. This analysis covers tasks performed by plumbers, defined as workers who install, repair and maintain plumbing fixtures and systems such as water, hydronic, drain, waste and vent (DWV), low pressure steam, residential fire, chemical, and irrigation.--Includes text from document.

The Joint Committee on Human Rights examines every Bill presented to Parliament for compliance with Convention rights as defined in the Human Rights Act 1998 and other international human rights instruments to which the UK is a signatory. This report looks at two Bills. For the Northern Ireland (Offences) Bill it looks at the implications of: the obligation to investigate in cases of deliberate killing; the accountability of state agents; participation of victims and their families; the right to a fair hearing. For the Civil Aviation Bill the implications examined are: adequacy of noise control measures; financial penalties; removal of right of appeal; and charging.

A story of adventure, survival, friendship, and personal journey, *A Wild Ride* features thirteen-year-old Justin Attwood, who is sent to a summer wilderness camp at the insistence of his father. Although reluctant to attend the camp, Justin fears disappointing his dad and quickly befriends fellow camper Shawn Miller. With his new friend by his side, Justin begins to appreciate camp life, despite errors in judgment and resulting injuries and rivalries. With the assistance of Mike, the head camp instructor, the boys participate in the final challenge—the overnight river adventure. When the unexpected happens, Justin is forced to battle the mountain elements—and his own self-doubt—in his solo search for help. Along his journey, Justin also discovers the true meaning of perseverance and rising above. *A Wild Ride* is a fascinating coming-of-age story that will both resonate with and captivate teenaged boys, and those looking back to their youth at summer camp.

What happens when the mad are let out of the asylum and there is nowhere for them to go? This hard-hitting and controversial new book traces the terms on which the mad occupy the city's streets, homeless shelters, shopping centres and fast food outlets. This social geography of madness is situated within the broader parameters of systems of social welfare and globalization, arguing that the 'community mental health care' system is actually a system of neglect. *Bedlam on the Streets* is a richly textured ethnography combining stark photographic images of people and places with an examination of city space and the voices of those that we label "mad".

So he kidnaps the only woman he thinks can save them. Brilliant NSA analyst Karen Stafford doesn't like being forced into anything, especially by someone she doesn't trust.
