An Introduction to Sociology

The history of the United States started with the arrival of Native Americans around 15,000 BC. Numerous indigenous cultures formed, and many disappeared in the 1500s. The arrival of Christopher Columbus in 1492 started the European colonization of the Americas. Most colonies were formed after 1600, and the early records and writings of John Winthrop make the United States the first nation whose ...

The Maya civilization began as early as 2000 BC and continued to have a strong presence in Mesoamerica for over 3000 years until the Spanish arrived in 1519 AD. The Maya were organized into powerful city-states. Over the course of Maya history, different city-states came into power such as El Mirador, Tikal, Uxmal, Caracol, and Chichen Itza.

scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This brief, interpretive history of American schooling focuses on the evolving relationship between education and social change. Like its predecessors, this new edition adopts a thematic approach,

Download File PDF American Civilization An Introduction 6th Edition

investigating the impact of social forces such as industrialization, urbanization, immigration, globalization, and cultural conflict on the development of schools and other educational institutions. It also examines the various ways that schools have contributed to social change, particularly in enhancing the status and accomplishments of certain social groups and not others. Detailed accounts of the experiences of women and minority groups in American history consider how their lives have been affected by education, while "Focal Point" sections within each chapter allow the reader to hone in on key moments in history and their relevance within the broader scope of American schooling from the colonial era to the present. This new edition has been comprehensively updated and edited for greater readability and clarity. It offers a revised final chapter, updated to include recent change in education politics and policy, in particular the decline of No Child Left Behind and the impact of the Common Core and movements against it. Further additions include enhanced coverage of colonial and early post-colonial American schooling, added materials on persistent issues such as race in education, an updated discussion of the GED program, and a closer look at the role of technology in schools. With its nuanced treatment of both historical and contemporary factors influencing the modern school system, this book remains an excellent resource for

Download File PDF American Civilization An Introduction 6th Edition

investigating and critiquing the social, economic, and cultural development of American education.

American Education: A History, 5e is a comprehensive, highly-regarded history of American education from pre-colonial times to the present. Chronologically organized, it provides an objective overview of each major period in the development of American education, setting the discussion against the broader backdrop of national and world events. The first text to explore Native American traditions (including education) prior to colonization, it also offers strong, ongoing coverage of minorities and women. New to this much-anticipated fifth edition is substantial expanded attention to the discussions of Native American education to reflect recent scholarship, the discussion of teachers and teacher leaders, and the educational developments and controversies of the 21st century.

An Introduction to Native North America provides a basic introduction to the native peoples of North America, including both the United States and Canada. It covers the history of research, basic prehistory, the European invasion and the impact of Europeans on Native cultures. Additionally, much of the book is written from the perspective of the ethnographic present, and the various cultures are

Download File PDF American Civilization An Introduction 6th Edition

described as they were at the specific times noted in the text. Teaching and Learning Experiences: Improve Critical Thinking - An Introduction to Native North America provides internet resources for students to supplement reading material, and contains an extensive bibliography to aid in their research. Engage Students - An Introduction to Native North America highlights important individuals in "VIP Profile" mini-biographies, and contains "Sidelights" throughout the text which provides short explanations of interesting aspects of native culture. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, An Introduction to Native North America's organization was designed to be used in conjunction with the Handbook of North American Indians, published by the Smithsonian Institution.
