REA's Crash Course for the AP® Physics 1 Exam Gets You a Higher Advanced Placement® Score in Less Time About this new exam: The AP Physics 1 course focuses on the big ideas typically included in the first and second semesters of an algebra-based, introductory college-level physics course. REA's all-new AP Physics 1 Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for your Advanced Placement® Physics 1 exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's Crash Course for AP® Physics 1 is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the new AP® Physics 1 course description outline and actual AP® test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Written by an AP® Physics teacher, the targeted review prepares students for the new test by focusing on the new framework concepts and learning objectives tested on the redesigned AP® Physics 1 exam. Easy-to-read review chapters in outline format cover all the

topics tested on the new exam: kinematics; dynamics; Newton's laws; circular motion and universal law of gravitation; work, energy, and conservation of energy; rotational motion; DC circuits; mechanical waves and sound; and more. The book also features must-know terms all AP® Physics students should know before test day. Expert Test-taking Strategies With our Crash Course, you can study the subject faster, learn the crucial material, and boost your AP® score all in less time. Our author shares detailed question-level strategies and explains the best way to answer the multiple-choice and free-response questions you'll encounter on test day. By following our expert tips and advice, you can boost your overall point score! FREE Practice Exam After studying the material in the Crash Course, go to the online REA Study Center and test what you've learned. Our free practice exam features timed testing, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the actual AP® exam, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exams - this is the study guide every AP® Physics 1 student must have. When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® Physics 1!
