The Seneca Falls Convention is typically seen as the beginning of the first women's rights movement in the United States. Revolutionary Backlash argues otherwise. According to Rosemarie Zagarri, the debate over women's rights began not in the decades prior to 1848 but during the American Revolution itself. Integrating the approaches of women's historians and political historians, this book explores changes in women's status that occurred from the time of the American Revolution until the election of Andrew Jackson. Although the period after the Revolution produced no collective movement for women's rights, women built on precedents established during the Revolution and gained an informal foothold in party politics and male electoral activities. Federalists and Jeffersonians vied for women's allegiance and sought their support in times of national crisis. Women, in turn, attended rallies, organized political activities, and voiced their opinions on the issues of the day. After the publication of Mary Wollstonecraft's *A Vindication of the Rights of Woman*, a widespread debate about the nature of women's rights ensued. The state of New Jersey attempted a bold experiment: for a brief time, women there voted on the same terms as men. Yet as Rosemarie Zagarri argues in *Revolutionary Backlash*, this opening for women soon closed. By 1828, women's politicization was seen more as a liability than as a strength, contributing to a divisive political climate that repeatedly brought the country to the brink of civil war. The increasing sophistication of party organizations and triumph of universal suffrage for white males

Online Library Ap Us History Scoring Guidelines

marginalized those who could not vote, especially women. Yet all was not lost. Women had already begun to participate in charitable movements, benevolent societies, and social reform organizations. Through these organizations, women found another way to practice politics.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

You've studied the history, but are you ready for the test? The AP U.S. History exam is notoriously tough. This Wiley Prep guide will help you maximize your score and earn the college credits you've been working for all year. AP U.S. History Prep explains exactly how your test responses will be scored. The *Jungle* is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, *Appeal to Reason*, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

Getting ready to tackle the AP U.S. History exam? *AP U.S. History For Dummies* is a practical, step-by-step guide that will help you perfect the skills and review the knowledge you need to achieve your best possible score! online) for the most practice possible.

Explores the global history and contributions of the feminist revolution. The Feminist Revolution offers an overview of women's struggle for equal rights in the late twentieth century. Beginning with the auspicious founding of the National Organization for Women in 1966, at a time when women across the world were mobilizing individually and collectively in the fight to assert their independence and establish their rights in society, the book traces a path through political campaigns, protests, the formation of women's publishing houses and groundbreaking magazines, and other events that shaped women's history. It examines women's determination to free themselves from definition by male culture, wanting not only to "take back the night" but also to reclaim their bodies, their minds, and their cultural identity. It demonstrates as well that the feminist revolution was enacted by women from all backgrounds, of every color, and of all ages and that it took place in the home, in workplaces, and on the streets of every major town and city. This sweeping overview of the key decades in the feminist revolution also brings together for the first time many of these women's own unpublished stories, which together offer tribute to the daring, humor, and creative spirit of its participants.
