Koreana is a full-color quarterly on Korean culture and arts, including traditional heritage as well as modern and contemporary activities. Each issue includes in-depth coverage of a selected theme, followed by an array of articles on artists and artisans, historic and cultural landmarks, natural attractions, reviews of stage performances and exhibitions, literary pieces, and today's lifestyles. Published since 1987, the magazine can also be accessed at [www.koreana.or.kr](http://www.koreana.or.kr).

In Korean Folk Songs, music teacher Robert Choi shares 14 of Korea's best-loved classic children's songs—with musical scores and lyrics in both Korean and English. Born and bred in Chicago, Choi's parents raised their son with a keen appreciation for their native Korean culture. The traditional melodies they taught him left a deep impression. Included in this collection are well-known children's songs such as "Splashing Around" and "Mountain Rabbit" that incorporate fun actions and gestures. Also traditional standards that have been passed down from generation to generation, such as "Blue Birds" and "Arirang." Each Korean children's song features a musical score with the lyrics in Korean script and romanized form, and an English version of the lyrics. Historical and cultural notes are included and for the children's songs, Choi describes the accompanying actions. An audio CD contains recordings of all the songs, along with tracks that allow you to sing along. Every page has beautiful full-color illustrations of traditional Korean scenes by the talented Korean artist SameEe Back. Just as songs like "Home on the Range" or "Oh! Susanna" are part of traditional American culture, the songs in Korean Folk Songs are a valuable resource for anyone with an interest in Korean culture, history and language.

Famously reclusive and secretive, North Korea can be seen as a theatre that projects itself through music and performance. The first book-length account of North Korean music and dance in any language other than Korean, Songs for "Great Leaders" pulls back the curtain on this theatre for the first time. Renowned ethnomusicologist Keith Howard moves from the first songs written in the northern part of the divided Korean peninsula in 1946 to the performances in February 2018 by a North Korean troupe visiting South Korea for the Pyeongchang Winter Olympic Games. Through an exceptionally wide range of sources and a perspective of deep cultural competence, Howard explores old revolutionary songs and new pop songs, developments of Korean instruments, the creation of revolutionary operas, and mass spectacles, as well as dance and dance notation, and composers and compositions. The result is a nuanced and detailed account of how song, together with other music and dance production, forms the soundtrack to the theater of daily life, embedding messages that tell the official history, the exploits of leaders, and the socialist utopia yet-to-come. Based on fieldwork, interviews, and resources in private and public archives and libraries in North Korea, South Korea, China, North America and Europe, Songs for "Great Leaders" opens up the North Korean regime in a way never before attempted or possible.

Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three, he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with the Queen; from friendships with John Lennon, Freddie Mercury and George Michael to setting up his AIDS Foundation. All the while, Elton was hiding a drug addiction that would grip him for over a decade. In Me Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you, by a living legend.

The revised second edition of Basic Korean: A Grammar and Workbook is an accessible reference grammar and workbook in one volume. The text can be used in conjunction with any primary textbook, both as a practice book to reinforce learning and as a reference guide to the basics of Korean grammar. This book is comprised of 26 units covering key aspects of Korean grammar students would expect to encounter in their first year learning the language. Grammatical descriptions are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal reference grammar and practice resource for both beginners and students with some knowledge of the language.

In October 2009, the Korean girl group 2NE1’s album To Anyone ranked second after Eminem’s Recovery on the Top Hip Hop Albums chart on iTunes, the largest online music vendor in the United States. At a concert hall in Los Angeles, five hundred Girls’ Generation fans wearing T-shirts that read “Soshified?”“Soshi” is a shortened form of “Sonyeo Shidae,” the Korean name of the girl group’sang the group’s song “Gee” while performing a synchronized dance to the music. The YouTube video of the popular Girls’ Generation song “Gee” had more than 56 million hits as of October 2011. In June 2011, young fans came from all over Europe?the UK, Germany, Spain, Italy, Sweden, and elsewhere?to see Korean idol groups including TVXQ!, Super Junior, SHINee, Girls’ Generation, and f(x) at Le Zenith de Paris in France, a venue where many famous European pop acts have held concerts. In Bangkok, Thai youngsters dreaming of becoming “the next Nichkhun” (a member of boy band 2PM) hold singing and dancing competitions to Korean music every weekend. What do all of these happenings around the world have in common? The answer is “K-Pop.” K-Pop Meets the World K-Pop Makes a Splash in Europe US Starts to Notice K-Pop K-Pop Stars Break Records in Japan K-Pop Triggers New Hallyu in Southeast Asia Why K-Pop? Merry Go Round Of Life 49. Moonlight Denetsu - Sailor Moon 50. Test Drive

Provides students with songs and activities to increase their understanding of music and its diversity.

The Korean Wave, or Hallyu phenomenon, has brought South Korean popular culture to the global population. Studies on Korean visual culture have therefore often focused on this aspect, leaving North Korea sidelined and often considered in a negative light because of its political regime. "Korean Screen Cultures" sets out to redress this imbalance with a broad selection of essays spanning both North and South as well as different methodological approaches, from ethnographic and audience studies to cultural materialist readings. The first section of the book, The South, highlights popular media – including online gaming and television drama – and concentrates on the margins, in which the very nature of The South is contested. The South and the North examines North Korea as an ideological other in South Korean popular culture as well as discussing North Korean cinema itself. The Global offers new approaches to Korean popular culture beyond national borders and includes work on K-pop and Korean television drama. This book is a vital addition to existing scholarship on Korean popular culture, offering a unique view by providing an imaginary unification of the two Koreas negotiated through local and transnational popular culture flows.

korean wave,hallyu,Korean culture,Korean,south korea,Korean pop culture This book is the first in a series of upcoming books to introduce modern Korean culture overseas. The term “Korean Wave” (“Hallyu” in Korean) was coined by the Chinese press a little more than a decade ago to refer to the popularity of Korean pop culture in China. The boom started with the export of Korean television dramas (miniseries) to China in the late 1990s. Since then, South Korea has emerged as a new center for the production of transnational pop culture, exporting a range of cultural products to neighboring Asian countries. More recently, Korean pop culture has begun spreading from its comfort zone in Asia to more global audiences in the Middle East, Africa, Europe, and the Americas. Birth of the Korean Wave Birth of the Wave The Beginning of the Wave in Japan The Wave Goes Global K-Pop Joins the Wave The neo-Korean Wave Korean Invasion? The New Wave The Internet Connects the Wave Fast The Fun of Copying Distance No Longer a Barrier for K-Dramas What’s Korean Pop Culture Got? K-Pop: ‘Music of Fusion’ K-Dramas: ‘Healthy Power’ The Korean Wave in other Fields Korean Films Hallyu in Literature epilogue Will It Continue?
