One of the greatest books ever written about a world championship match. In 1960 Mikhail Botvinnik was the pillar of "scientific " chess and the ironwilled champion of the world. The young attacking genius Mihail Tal, the "Wizard of Riga," put the magic back into the game by defeating Botvinnik with spectacular tactics in one of the most dramatic and celebrated world championship matches of all time. This is Tal's own classic work on the contest. In it he sets the stage and explains every one of the 21 games, telling both the on- and off-the-board story of this tatanic clash of styles and
