Attracting Perfect Customers leads readers through a transformation as they learn that it is no longer productive or profitable to conduct business using warlike marketing techniques such as "'targeting'" customers and "'outmaneuvering'" the competition. In fact, these techniques seem both outdated and labor-intensive when compared to the Strategic Synchronicity process, which requires just five minutes of planning each day. Strategic Synchronicity is based on nine principles that are not new but are often neglected in today's business world. Among them are the ideas that businesses don't need to search for customers if they are "'on purpose'", that collaboration, not competition, is required, and that businesses create their own "'clients from hell"

Promoting "static synchronicity", this book introduces a revolutionary sales and marketing model where "like attracts like".

Most businesses spend far too much of their time and energy struggling to get new customers or hang on to existing ones-even customers who are ultimately more trouble than they're worth. Attracting Perfect Customers invites readers to move beyond the notions that "business is war" and winning market share means "beating" the other guy. The authors outline a simple strategic process for making businesses so highly attractive that perfect customers and clients are naturally drawn right to them. Sound too good to be true? Hall and Brogniez have successfully shown clients how to do it for years, and now they share their secrets. They prove that it is no longer productive or profitable to conduct business using the war-like marketing techniques of targeting customers and outmaneuvering the competition. In fact, these techniques seem antiquated and labor-intensive when compared to the Strategic Attraction Planning process, which requires just five minutes each day and enables any business to easily attract customers that are a perfect fit for their organization-the kind of customers it is a pleasure to serve. Attracting Perfect Customers takes you step by step through the entire strategic attraction process. The authors reveal the six success standards of strategic synchronicity and share simple, fun, and easy-to-follow exercises that can be applied to any organization. They walk you through the process of creating your own personalized Strategic Attraction Plan and provide 21 supportive tips for making any company more attractive to its perfect customers. Attracting Perfect Customerswill take you to a place where there is an abundance of perfect customers and clients with whom you can build strong, satisfying, profitable, and lasting relationships.

Words have power. The very words we say and think not only describe our world but actually create it. They have a profound impact on our lives; in fact, our self-talk produces 100 percent of our results. In this pioneering, practical book, Yvonne Oswald teaches us how to filter unsupportive words to produce outstanding results, changing our perspective, relationships, and ability to manifest our deepest desires. The easy-to-follow formula holistically blends the science of language, physical well-being, and emotional cleansing. The "Keys to Success and Happiness" reconnect you with your original empowerment blueprint and develop your understanding for a lifetime of success. Every Word Has Power charms all of the senses and delivers powerful, easy tools for change. Tips, exercises, scripts, stories, metaphors, and science are interwoven to create a dynamic blend of quantum self-growth that immediately jump-starts your transformation.

When Bette Frick launched her freelance writing and editing business in 1990, not having completed formal business training meant she would make more than a few mistakes. But not applying MBA models meant that as her company grew, her business model fit her rather than some business-school template. As Bette learned her (sometimes) painful lessons, she shared them in her column, Business Matters, in Intercom, the magazine of the Society for Technical Communication (STC), from 2003 to 2012. Business Matters republishes those articles, substantially revised and arranged thematically, along with several new chapters.

The Secret opened the world to the power of positive thinking. Now, Law of Attraction will guide you through every step toward getting the life you've always desired -- and deserved. Have you noticed that sometimes what you need just falls into place? Perhaps you've met the perfect client or life partner merely by being at the right place at the right time. On the other hand, there are some people who find themselves in one terrible relationship after another or who seem unable to shake off their bad luck. These experiences are evidence of a very powerful force. It's called the Law of Attraction, and right now it's attracting people, jobs, situations, and relationships to you. The Law of Attraction can be defined as: I attract to my life whatever I give my attention, energy, and focus to, whether positive or negative. Now, with this book, readers can learn how to use the Law of Attraction deliberately and integrate it into their daily life. By doing this, they will attract all they need to do, know, and have so they can get more of what they want and less of what they don't want. With its easy-to-follow 3-step formula (Identify Your Desire, Give Your Desire Attention, and Allowing), complete with tips, tools, exercises, and scripts, Law of Attraction shows readers how to: Attract their ideal mate and ideal relationships Increase wealth and abundance Improve their business with more customers, clients, and referrals Discover their ideal job, true calling, or career and more!
