L.B. Johnson knew how to get things done. She had been immersed in a world of complex puzzles, and tangled story lines of physical and governmental laws. She was quite sure she was up to the task of raising a black Labrador retriever puppy. His name was Barkley, and in

being himself, he led his owner down a path of joyful discovery, loving frustration, and self-sacrifice. Their journey together will speak volumes to anyone who has ever had a beloved animal as a heart's companion...from the gentle nuzzles that healed in moments of crisis, to the saintly patience needed to deal with a small pink ball with feet, named " Mr. Squeaky, " who interrupted many hours of sleep. It is the story of rambunctious trespasses such as " the bacon incident, " and the loving trust that bound a woman and her dog together in unspoken understanding. The Book of Barkley is a tribute and memoir that will resonate with everyone who has reached out unthinking to pet a beloved animal...only to remember that a beloved friend is no longer present. Honest, transcendent, and beautifully written, The Book of Barkley is a love story that will enrich every animal lover's library.

When the bomb was dropped on Nagasaki, Mieko's nearby village was turned into ruins, and her hand was badly injured. Mieko loves to do calligraphy more than anything, but now she can barely hold a paintbrush. And she feels as if she has lost something that she can't paint without-the legendary fifth treasure, beauty in the heart. Then she is sent to live with her grandparents and must go to a new school. But Mieko is brave and eventually learns that time and patience can help with many things, and may even help her find the fifth treasure.

Set against the background of the fundamental issues facing the industry today, The 21st Century Journalism Handbook is a comprehensive guide to the core principles and practices essential to the modern journalist. Convergence, online, the growth of magazine formats, challenges presented by technology and new demands in news and feature writing are all covered from conceptual and practical perspectives. A thorough grounding in the key debates and techniques is provided; while clear, no-nonsense practical advice helps you develop your journalism skills and make a success of your studies and career. Key Features: A combination of professional insight, academic study and practical exercises allows you to develop at your own pace Thinking it through activities at the end of each chapter allow you to think over the topics discussed and to think about how you could apply these skills Case studies and Closer Look boxes explore real-life examples in more depth Key points to remember and chapter summaries highlight the essential things you need to know Comprehensive but digestible coverage of the key elements of ethics, regulation and law ensures you are fully equipped with the essential frameworks for informed practice With an emphasis on developing the ' whole journalist ', a creative and visual reporter who can think across different platforms, this text is ideal for all for journalism students training in newspapers, magazines and online reporting.

This work presents an exploration of Buddhist philosophy and practice as a potential resource for an approach to psychotherapy which is responsive to the needs of its time and context, and attempts to open up a three-way dialogue between Buddhism, psychotherapy and contemporary discourse to reveal a meaningful theory and practice for a contemporary psychotherapy.

Deb is absolutely crazily in love with the stunning Avantika. He can't believe that she is his. Their relationship is going great except for the one time when Deb faltered by breaching her trust. After he apologized, Avantika grudgingly accepted him back. However, his insecurity about her seems to be pushing him into infidelity again. The trust that he had worked so hard to build is lost once again. Will Avantika take him back this time or will she move on? In She Broke Up, I Didn't! . . . Durjoy Datta explores the themes of fidelity, love and lust through a roller coaster of misunderstandings and mistakes that are so common in relationships today.

A number of these studies deal with various aspects of the physical coordination the pianist must achieve in order to be able to use his full potential for virtuosity and musical continuity. They were written by a pianist who had searched for more effective teaching tools and had developed a unique meaningful analysis of the nature of this coordination.

Useful introductory course and reference covers origins of quantum theory, Schrödinger wave equation, quantum mechanics of simple systems, electron spin, quantum states of atoms, Hartree-Fock self-consistent field method, more. 1990 edition.

Who of us can claim never to have made a mistake, missed a goal, regretted a choice, or suffered because of another's action? For those who suffer from a constant sense of regret about the past, who feel their present lives have been immutably shaped by actions they could or should or would have taken but didn't, real help is at hand. In clear, uncomplicated language, Dr. Arthur Freeman, a leading exponent of cognitive therapy, and his colleague Rose DeWolf, a skillful translator of the cognitive method, describe the techniques and provide exercises that will enable readers to actually "unblock" the past. The authors demonstrate that wouldo/coulda/shoulda thinking can be unlearned and that this process can be accomplished in a relatively short period of time.

Modern methods of mind control--employed in propaganda, indoctrination, even advertising--can be traced back to ninja strategies of psychological warfare developed and refined centuries ago in medieval Japan. The ninja were accomplished in covert operations such as espionage, assassination, and sabotage, and were feared for their ability to break through an adversary's mental defenses and use his fears, insecurities, superstitions, and hopes and beliefs against him. This is a modern-day guide to ninja techniques, including: revelation of an enemy's deepest secrets, ways to implant false memories, how to detect when somebody is lying, and visualizations to affect physical health. You will also learn defenses against mind-manipulating techniques commonly used in media and politics.--From publisher description.

Provides a chapter of easy to follow and actionable tips for each of the areas identified as leadership competencies including: dealing with ambiguity, conflict management, and strategic agility.
