Detailed information on foods and cooking techniques accompany fundamental recipes for hors d'oeuvres, soups, salads, main dishes, side dishes, breads, pies, cookies, candies, and desserts

Dora the Explorer meets No Reservations in this delicious picture book debut! Follow Kalamata and her alligator sidekick on the first of many exciting food adventures in a charming story about facing fears and overcoming back-to-school jitters. Grown-ups never seemed to notice, but Kalamata's kitchen table was magical. Under her table, she and Al Dente could transport themselves anywhere.... Tomorrow is Kalamata's first day at a new school, and she's nervous! What if the kids aren't friendly? Or worse, what if they don't like alligators!? If only Kalamata and Al Dente could go to back to the Indian spice market they visited this summer, then maybe she'd remember how to feel brave when new experiences seem scary. Luckily for Kalamata, all the magic required for her journey is right in her own kitchen! As Kalamata and her alligator friend, Al Dente, transport themselves to a magical land filled with tasty ingredients, she realizes being brave is exciting! And most importantly, she learns that when we're nervous about trying new things, food can comfort us and remind us to stay curious, courageous, and compassionate.

From choosing environmentally friendly diapers to identifying the hidden toxins in children's food, cribs, car seats, and toys, Green Mama discusses topics that are vitally important to new parents. What are the most pressing problems facing new parents today? As the world has become increasingly more complicated, so has parenting. We are concerned about pervasive toxins in the environment and anxious to raise our children in ways that will protect them as well as safeguard our already fragile world. Manda Aulochs Gillespie, the Green Mama, shares what today's science and Grandma's traditional wisdom tell us about prenatal care for mothers-to-be, breastfeeding, detoxifying the nursery, diapering, caring for baby's skin, feeding a family, and healthy play — redefining the basics of parenting for today's world. With an upbeat tone, stories of parents who have been there, real-world advice for when money matters more, and practical steps geared toward immediate success, The Green Mama engages and guides even the busiest, most sleep-deprived parent. The Green Mama helps parents become what they were always meant to be: experts on the care of their own children.

Breakfast, Lunch, Tea is the first cookbook by Rose Carrarini, who co-founded the much-imitated delicatessen Villandry in London in 1988, and now serves her signature simple, fresh and natural food at Rose Bakery, the Anglo-French bakery and restaurant in Paris. Rose holds a passionate philosophy that, 'life is improved by great food and great food can be achieved by everyone.' Simplicity, freshness and the ability to choose the right things to cook are the keys to success and, with Rose's guidance and recipes, perfection and pleasure are easily attainable. This book includes recipes for over 100 of Rose Bakery's most popular dishes, from breakfast staples such as crispy granola to afternoon treats, including sticky toffee pudding and carrot cake, as well as soups, risottos and other dishes perfect for a light lunch.

As sales of Hagee's current New York Times bestseller, Four Blood Moons, continue to soar, hundreds of thousands of readers have had their thirst whetted to know what is to come at the end of this world . . . heaven itself! Hagee's national media power assures another mega-bestseller.

This book explores a number of important issues in the area of occupational safety and hygiene. Presenting both research and best practices for the evaluation of occupational risk, safety and health in various types of industry, it particularly focuses on occupational safety in automated environments, innovative management systems and occupational safety in a global context. The different chapters examine the perspectives of all those involved, such as managers, workers and OSH professionals. Based on selected contributions presented at the 15th International Symposium on Occupational Safety and Hygiene (SHO 2019), held on 15–16 April, 2019, in Guimarães, Portugal, the book serves as a timely reference guide and source of inspiration to OSH researchers, practitioners and organizations operating in a global context.

Modern Mandarin Chinese Grammar Workbook is a book of exercises and language tasks for all learners of Mandarin Chinese. Divided into two sections, the Workbook initially provides exercises based on essential grammatical structures, and moves on to practice everyday functions such as making introductions, apologizing and expressing needs. With an extensive answer key at the back to enable students to check on their progress, main features include: exercises at various levels of challenge for a broad range of learners cross-referencing to the related Modern Mandarin Chinese Grammar a comprehensive index to exercises alphabetically arranged in terms of structures, functions, and key Chinese structure vocabulary. This second edition also offers a revised and expanded selection of exercises including new task-based exercises. Modern Mandarin Chinese Grammar Workbook is ideal for all learners of Mandarin Chinese, from beginner to intermediate and advanced students. It can be used both independently and alongside the Modern Mandarin Chinese Grammar (978-0-415-82714-0), which is also published by Routledge.
