for non-majors biology With a proven
and effective tradition of engaging

Online Library Biology Life Earth Physiology Audesirk

readers with real-world applications, high-interest case studies, and inquiry-based pedagogy, *Biology: Life on Earth* fosters discovery and scientific understanding that students can use throughout their lives. Engaging Case Studies throughout each chapter and thoughtful pedagogy help students develop critical thinking and scientific literacy skills. The 12th Edition offers the most comprehensive coverage at the most affordable price for the non-majors biology student. This loose-leaf edition maintains its conversational, question-and-answer presentation style that has made it a best-seller. The new edition expands its focus on the process of science with new Doing Science boxes throughout the text that walk students through the scientific process, and interactive Doing Science coaching activities in Mastering

Online Library Biology Life Earth Physiology Audesirk

Biology. The text also provides Think Deeper questions that give instructors guidance for starting classroom discussions that promote critical thinking. Also available as a Pearson eText or packaged with Mastering Biology: Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. If

This introductory text has been revised to reflect the changing dynamics of introductory biology. Emphasizing concepts over facts, it presents the dynamic processes at work in biology.

Provides an engaging and easy to use book with an innovative and interactive media program. It achieves a unique balance in emphasizing concepts without sacrificing scientific accuracy. The new MediaTutor, found at the end of each chapter, integrates the book and media by providing a brief description of the CD or WEB activity and the time requirement for

Online Library Biology Life Earth Physiology Audesirk

completion. Earth Watch/Health Watch essays cover biodiversity, ozone depletion/prenatal diagnosis, and sexually transmitted diseases. Major topics include The Life Of A Cell, Patterns Of Inheritance, Evolution, Plant Anatomy And Physiology; Animal Anatomy And Physiology; Ecology.

Printed study guide with a variety of features to aid in student comprehension of the chapter concepts.

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value for your students- this format costs 35% less than a new textbook. Biology: Life on Earth with
