Today I've got another cell phone for review, the Sanyo Mirro which is a pre-paid phone on the Boost Mobile network which is part of

Sprint basically. The Mirro is your basic flip phone, but it's well made and I've found that the Boost Mobile network is very reliable and works well, at least for phone calls. The data usage on the network is a bit slow, and the browser doesn't exactly render web pages that great.

I am a professional who recently purchased a Sanyo Juno phone to use as an extra special-purpose business phone. After using Boost cards to pay for the phone for two months I switched to the Auto Re-Boost Payment Service,

~~Review Sanyo Mirro Boost
Mobile Phone — YouTube~~

A while back I got a marvelous SCP 3810 "Mirro" by Sanyo/Kyocera, for use on PTel. It was/is Boost branded. Phone worked reasonably well but has an email client that would not connect. PTel would not help, declaring they never advertised it as having any email client. So far so good, and PTel has moved to GSM. Now I thought I would try swapping the trusty Mirro into my Boost CDMA account where ...

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

New Jersey Governor Tom Kean offers a fascinating look inside his private life and into his daring ideas for the GOP after Ronald Reagan. With sharp intelligence and

sensitivity, he shares his memories of growing up amidst privilege and power--and his life-long commitment to the ethics of the school teacher he once was.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the

recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—Sixteen Candles. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the

glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, 32 Candles introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare.

In this remarkable book, Carl Verheyen teaches his philosophy and techniques for improvising. Rather than hashing out scales, Carl teaches how to play lines with strong melodic content. By approaching melodies through intervals and chord qualities, infinite lines can be generated. Carl stresses the importance of collecting lines that can be used in improvised settings. These lines and examples will provide outstanding material for any guitarist yearning for melodic ideas and inspiration. Presented in standard notation and
