"Archer Mayor's Vermont police procedurals are the best thing going..." --New York Times Book Review Across Brattleboro, Vermont, rich people (some with dark secrets) are waking up in their high security, alarm-equipped homes to find a Post-it note stuck to their bedside tables reading, "You're it." There is little sign of disturbance anywhere, nothing stolen (that anyone admits,) and only a bit of expensive food eaten as a signature. The Press loves the story and dubs the burglar the Tag Man. But who is he? And what's he actually doing? In fact, he's quickly running for his life, for what he discovers in one of these houses appears to be proof of a heinous string of murders. But is it? Joe Gunther, struggling to recover from a devastating personal loss, leads his VBI team to untangle the many conflicting pieces of evidence, while the burglar himself struggles for survival in the no-man's-land between the police and the villains. With no one knowing what to believe, or who to trust, with Tag Man running for his life in a way he never imagined possible, as no one knows who's watching as they sleep, or who truly did what, the Tag Man is critically acclaimed author Archer Mayor at his very finest.

When the body of a fast-living young stockbroker is found in a shallow grave, suspicion first falls on a cuckolded policeman. Lt. Joe Gunther investigates the increasingly bizarre details of the crime, but finds that he 's too far behind events to prevent a second murder. Indeed, whoever is responsible always seems to be a few steps ahead, as if there 's a leak on the force. Sweltering August heat does nothing to calm the increasingly agitated town selectmen, who demand results. Fast-paced and intricately-plotted, with the unflinching attention to forensic detail that his readers have come to expect, Scent of Evil is the third of Archer Mayor 's critically-acclaimed Joe Gunther mysteries.

Intriguing plots, complex characters, and a vivid landscape are the foundation of Archer Mayor's award-winning New England thrillers. Now in this suspenseful new novel two investigations will lead Mayor's popular hero Joe Gunther to the shady realm of Internet chat rooms, where relationships are formed and broken, and nothing is as it seems. News travels fast in the small state of Vermont. In this tight-knit society, police officers and investigators proudly maintain a kinship that transcends the boundaries of their jurisdictions. When an unidentified body is found in the peaceful town of Brattleboro, local police and the Vermont Bureau of Investigation both appear at the scene. But before investigator Joe Gunther can begin to gather evidence of murder, a family emergency sends him to his hometown, where the lives of his mother and brother have suddenly been threatened. Gunther reaches out to a network of police officers who know him only by name and reputation as he attempts to discover the source of this imminent danger. Meanwhile, his investigative team chases an elusive murderer who has no apparent ties to the victim. In a state that is more like a neighborhood community, secrets are difficult to keep, and it's sometimes impossible to know who can be trusted. Gunther soon finds himself opposing criminals more menacing than any he has ever encountered in order to save those he holds closest to his heart.

In Archer Mayor's Marked Man, the death of a local millionaire becomes suspicious when Joe Gunther learns that he was not who he claimed. A year ago, local philanthropist and millionaire Nathan Lyon died a natural death in his sprawling mansion, a 150,000 square foot converted mill, surrounded by his loving, attentive family. Or so it seemed at the time. Now Joe Gunther and his Vermont Bureau of Investigation team has discovered that almost nothing about that story was true. Nathan Lyon was actually Nick Bianchi from Providence, Rhode Island. His money came from Mafia-tainted sources. And his family now seems to be dying themselves and their deaths are now revealed to be murders. As Gunther 's team desperately works to uncover what is going on at The Mill, who is responsible and what they are trying to accomplish, Joe himself travels to Rhode Island to look into the original source of the money. While the police are doing their jobs, private investigator Sally Kravitz teams up with reporter Rachel Reiling to expose the truth behind this tangled and expanding web of duplicity, greed, and obsession. Having betrayed many, it 's no surprise that Nathan Lyon was a marked man. But now Gunther has to figure out who, among the many, killed him, and stop them before their killing spree claims another.

A frightened old woman kills a man at her door in the middle of the night and Detective Joe Gunther discovers they were co-jurors on a sensational murder trial three years earlier. Several more vicious assaults make Joe suspect that all of the jurors from that trial are now in danger.
