SUNDAY TIMES BESTSELLER Some people are born to be a certain thing. And I was a born fighter. At the age of eight, Michael Bisping began his training in martial arts. By the time he was 15, he was fighting in his first no holds barred competition. When he turned professional and joined the UFC he was sure about one thing: only a world championship title would do. A British underdog in the greatest fighting championship on earth, he spent the next decade winning some of the championship's most sensational contests to achieve his dream, becoming the first ever British UFC world champion in 2016. From his

boyhood years learning to fight in the gyms of Lancashire to his most shocking clashes in the cage, in *Quitters Never Win* Bisping tells the raw and unfiltered story behind his legendary career for the first time, including his greatest wins, his fiercest rivals and the harrowing injury that forced him into retirement. As audacious, entertaining and as candid as the man himself, it's a backstage pass to one of the world's most extreme sports and an unbridled account of what it really takes to become a champion, from sleeping in his own car to reaching the summit of the world's fastest growing sport.

Der Dieselmotor und die Einspritzanlage bilden eine untrennbare Einheit. In zunehmendem Maß gewinnt die Elektronik an Bedeutung, um die wachsenden Forderungen nach geringem Schadstoffausstoß und geringem Kraftstoffverbrauch zu erfüllen. Jüngste Beispiele hierfür sind die Radialkolben-Verteilereinspritzpumpe VR und das Speichereinspritzsystem Common Rail. Dieses Fachbuch stellt kompetent und umfassend die Informationen dazu bereit. Neue Kapitel in dieser Auflage behandeln Unit Injector (UI), Unit Pump (UP), Hochdruckverbindungen, Elektronische Steuerung, Regelung und Diagnose, Abgasemission und -nachbehandlung. Zahlreiche Kapitel wurden wesentlich überarbeitet.

An all-star lineup of rock-n-rollers—from Jane's Addiction's Perry Farrell to Suzi Quatro and Verdine White of Earth, Wind & Fire—relay the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. *Rock Stars on the Record* is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laura Jane Grace to Ian MacKaye, Don McLean to Cherie Currie, Alice Bag to Mac DeMarco, and many more, bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone. Everyone's most cherished childhood record—be it a battered piece of vinyl, torn cassette tape, or scratched CD—has a story, and those stories can be more revealing about their owners than you might expect. Read about how "Weird Al" Yankovic refined his accordion skills by playing along to Elton John's *Goodbye Yellow Brick Road*, or how Fishbone's Angelo Moore saved his life with a boombox and a *Bad Brains* album. Or about how Wendy Melvoin and Lisa Coleman of Prince's longtime band, *The Revolution*, fell in love while trading mixtapes. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present.

The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. *Roaring Back* traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. "Sampson admirably details all the highs and lows." –Jim Nantz, CBS Sports

From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song "You Can't Kill Rock and Roll" Ozzy Osbourne sings, "Rock and roll is my religion and my law." This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It's also the guiding principle for

underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora's box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn't belong. Whether they were oddballs who didn't fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal's heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!
