In the vein of *The Glass Castle*, *Breaking Night* is the stunning memoir of a young woman who at age fifteen was living on the streets, and who eventually made it into Harvard. Liz Murray was born to loving but drug-addicted parents in the Bronx. In school she was taunted for her dirty clothing and lice-infested hair, eventually skipping so many classes that she was put into a girls' home. At age fifteen, Liz found herself on the streets. She learned to scrape by, foraging for food and riding subways all night to have a warm place to sleep. When Liz's mother died of AIDS, she decided to take control of her own destiny and go back to high school, often completing her assignments in the hallways and subway stations where she slept. Liz squeezed four years of high school into two, while homeless; won a New York Times scholarship; and made it into the Ivy League. *Breaking Night* is an unforgettable and beautifully written story of one young

woman's indomitable spirit to survive and prevail, against all odds.

Liz Murray never really had a chance in life. Born to a drug-addicted father who was in and out of prison, and an equally dependent mother who was in and out of mental institutions, she seemed destined to become just another tragic statistic; another life wasted on the brutal streets of New York. By the age of 15, Liz found herself homeless with nowhere to turn but the tough streets, riding subways all night for a warm place to sleep and foraging through dumpsters for food. But when her mother died of AIDS a year later, Liz's life changed for ever. With no education, with no chance at a job or a home, she realised that only the most astonishing of turnarounds could stop her heading all the way down the same path her parents took. And so she set her mind to overcoming what seemed like impossible odds - and in the process, achieved something extraordinary. Told with astounding sincerity, *Breaking Night* is the breathtaking and inspirational story of how a young woman, born into a world without hope, used every ounce of strength and determination to steer herself towards a brighter future. Beautifully written, it is a poignant, evocative and stirring portrait of struggle, desperation, forgiveness and survival.

The statistics are powerful and alarming: Perhaps as many as 6 million Americans suffer from night eating syndrome, or NES, a newly identified eating disorder which describes behavior patterns in which an individual obsessively consumes more than half of his or her daily caloric intake after eight o'clock in the evening. More significant is the further finding that more than 33 percent of morbidly obese individuals, persons who are 100 or more pounds overweight, are affected by this disorder. Experts agree that NES shares characteristics of not only eating disorders but also sleep and mood disorders. Sufferers tend to exhibit symptoms such as feelings of anxiety and guilt, insomnia, or interrupted sleep. Typical NES behaviors

include absent appetite during the day, a consistent pattern of eating more food after dinner than during the meal itself, and recurrent episodes of waking and eating throughout the night. This book offers a step-by-step strategy for managing and overcoming this disorder. From this book, you will first learn to identify the signs of NES, and then use journaling exercises to discover what automatic thoughts surround your night eating. Having identified the problematic behaviors, you'll find out how to break these patterns with healthier food choices, more structured mealtimes, and a series of relaxation and visualization techniques.

meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing."—*The New York Times* "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —*USA Today* DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. "Fox unspools Jones and Hill's delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine."—*The New York Times Book Review* Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate séances for his fellow

prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con games played for a good cause—and of a profound but unlikely friendship. Had it not been for “the Great War,” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “nose for interesting facts, the ability to construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality” (Kathryn Schulz, *New York*) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.
