This online program focuses on job specific responsibilities and tasks with emphasis on the importance of getting to know the property, safety procedures, and security policies every employee must know and follow. "Skills Training: Restaurant Server" serves as the online component for the text, *Managing Service in Food and Beverage Operations 4/e* by Ronald F. Cichy. This online component has 1 module, covers 12 topics, and amounts to 3.5 hours of seat-time. Learning through this online component is facilitated through timed modules, embedded video segments within screens, audio, readings, and more interactive activities. This online component gives six-month access for student users.

Discover the unique challenges confronting the club industry As a distinctive sector of the hospitality industry, private clubs have their own unique set of challenges. *Club Management Issues in Australia and North America* provides a one-of-a-kind exploration of the membership, human resource, and other key management issues of the niche industry of private clubs—on two very different continents. This book closely examines the latest research to provide scholars and practitioners with a clear picture of the economic and social implications springing from the growth of the diverse private club industry while offering cogent discussions on effective management strategies. The impact of economic downturns affects all sectors of the hospitality market, including the private club industry. *Club Management Issues in Australia and North America* illustrates the trends now seen in the club industry in two major world markets. The book examines the declining membership issues in the United States and presents thoughtful consideration of member recruitment strategies. Australia's marked differences in private clubs are comprehensively explained, with a clear focus on the gaming aspect present there. An overview of the history of the club industry in Australia is presented, with emphasis on gaming machine operations and the positive and negative social and economic impact gambling has on the country. A thematic review of club management issues from years past gives readers a clearer understanding of where the industry is today and what areas need more empirical research. Employment relations are discussed in detail. A comparative analysis is also presented of the various challenges faced by clubs competing with one another. Legislative restrictions of advertising and marketing are explored, along with crucial membership and patronage issues. The book provides: research on changes in memberships in clubs in the United States a study on declining waiting lists at clubs characteristics club managers look for in job applicants differences in equity and non-equity membership structures an overview of the history of machine gambling in New South Wales analyses of past issues of taxation

legislation, employment relations, social issues, innovation, and others—and the need for further empirical study how regulatory changes impact wage determination the effects of legislation restrictions on gaming advertising, promotion, and external signage analysis of the impact of clubs' involvement with special events consumer behavior in the club industry a case study of a club's failed attempt to tap into the youth market Club Management Issues in Australia and North America is timely, informative reading for hospitality educators and students, hospitality professionals, and hospitality companies doing research in the private club industry.

This textbook teaches the latest thinking in purchasing, guided by a review committee of food purchasing professionals from restaurants, hotels, and on-site/managed services organizations. The book focuses on value-added purchasing strategies and techniques that go beyond a basic product specification approach. Readers will learn how the purchasing control point is a vital element in the food distribution chain from the source and manufacturers to the guest at the table. It covers the latest in e-purchasing, addresses trends in purchasing and product, and features vital information on security, food safety, and ethics from both the distributor's and operator's perspectives.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Restaurant and bar supervisors and managers, food and beverage directors, and aspiring hospitality professionals will benefit from the practical information presented in this book. The new edition of this textbook (formerly titled Managing Beverage Service) focuses on the successful elements of a beverage operation, based on research to identify those that are thriving. Discussions of leadership and supervision focus on the management and leadership practices specific to a beverage operation, including emotional intelligence and the importance of relationships, communication, recruitment and training, and motivation and performance reviews. Bar operations covers a real-world approach to beverage controls, from purchasing through serving, technology, design, and handling guest complaints. A new chapter on sales and marketing includes both food and beverage products, and boosting sales through technology and unique service.
