The Cambridge Secondary 1 Progression Tests are a series of tests covering stages 7, 8 and 9. Schools can use them to monitor the progress of learners as individuals or in classes. For each subject (including English as a second language), each stage test has two papers. The tests have structured questions with a selection...

Study & Master Mathematics has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills to build their Mathematics knowledge. Study & Master Mathematics Grade 1 has 3 core components: A Learner's Book, Workbook and Teacher's Guide. The comprehensive Learner's Book provides: * graded activities that develop learners' skills and understanding in each of the content areas specified by the CAPS document. * examples and activities based on learners' own experiences.

Written for use with the Cambridge Primary Mathematics Curriculum Framework, and endorsed by Cambridge International Examinations, the Cambridge Primary Mathematics series is informed by the most up-to-date teaching philosophies from around the world. It aims to support teachers to help all learners become confident and successful mathematicians through a fun and engaging scheme. Through an investigatory approach children learn the skills of problem solving in the context of other mathematical strands in the course. The course will encourage learners to be independent thinkers with the confidence to tackle a wide range of problems who understand the value and relevance of their mathematics. Classroom discussion is encouraged to help learners become good mathematical communicators, to justify answers and to make connections between ideas. This series is part of Cambridge Maths (www.cie.org.uk/cambridgeprimarymaths), a project between Cambridge University Press and Cambridge International Examinations and is appropriate for learners sitting the Primary Checkpoint test.

There are hours of fun-filled enjoyment with questions and answers to develop learning skills. We are Andrew and Teresa Marek residing in Southwestern Ontario, Canada with our three Golden Retrievers and three cats. When the COVID Pandemic hit we realized that we could put our brain puzzle experience to work providing workbooks and worksheet books to keep minds stimulated while learning from home. We have tried to create something that is current and engages minds, but most of all generates fun for you and your children. Please enjoy and remember it is always important to workout and tone the most important part of our body, the mind!

This series is endorsed by Cambridge International Examinations and is part of Cambridge Maths.

Provides a practical interpretation of the new content strands, content descriptors, elaborations and achievement standards. All activities in the teacher resource are classified according to the four proficiency strands of the Australian Curriculum. Ready-made comprehensive lesson plans mapped out term-by-term, week-by-week. Real life examples and photographs are used throughout to help engage students and improve numeracy levels. Plenty of extension exercises, BLM worksheets and activities are included at each level. Written by a practising teachers with a fresh perspective and extensive classroom experience. Respected Mathematics consultants have advised on the curriculum coverage and best classroom practice. Links to the Cambridge Maths-in-a-Box program provide rich learning tasks. The books for year levels 3 to 6 contain links to the Cambridge HOTmaths interactive learning resource help to animate concepts learnt in class and consolidate learning.
