Spark scientific curiosity from a young age with this six-level course through an enquiry-based approach and active learning. Collins International Primary Science fully meets the requirements of the Cambridge Primary Science Curriculum Framework from 2020 and has been carefully developed for a range of international contexts.

Cambridge Global English (1-6) is a six-level Primary course following the Cambridge Primary English as a Second Language Curriculum Framework developed by Cambridge English Language Assessment. Activity Book 5 provides additional practice activities to consolidate language skills and content material introduced in Learner's Book 5. Nine units correspond with the topics, texts and language input of Learner's Book 5 with each lesson of the Learner's Book supported by two pages in the Activity Book. Learning is reinforced through activities clearly framed within the 'I can' objectives of the course, opportunities for personalisation and creative work and a higher level of challenge to support differentiation. Each unit in the Activity Book ends with revision and opportunity for self-assessment. CEFR Level: A2.

Learner's Book 5 provides the core input for Stage 5 with nine thematic units of study and five review spreads. Units end with an engaging project and opportunity for self-assessment. Richly illustrated units contain six lessons, each developed around a unifying theme. Materials feature skills-building tasks for listening, reading, writing and speaking. 'Use of English' features focus on language awareness, and 'Tips' boxes on specific skills. Texts included have variety: factual and fictional, dialogue and poetry covering a range of topics. Accompanying Audio CD includes listening material for Stage 5 Learner's and Activity Books. CEFR Level: A2
