The rapid growth of online media has led to new complications in journalism ethics and practice. While traditional ethical principles may not fundamentally change when information is disseminated online, applying them across platforms has become more challenging as new kinds of interactions develop between journalists and audiences. In *Ethics for Digital Journalists*, Lawrie Zion and David Craig draw together the international expertise and experience of journalists and scholars who have all been part of the process of shaping best practices in digital journalism. Drawing on contemporary events and controversies like the Boston Marathon bombing and the Arab Spring, the authors examine emerging best practices in everything from transparency and verification to aggregation, collaboration, live blogging, tweeting and the challenges of digital narratives. At a time when questions of ethics and practice are challenged and subject to intense debate, this book is designed to provide students and practitioners with the insights and skills to realize their potential as professionals.

The Summer 2017 issue of the world's best how-to magazine for woodcarvers is packed with patterns, techniques, tips, and step-by-step projects for all skill levels. The lazy days of summer are perfect for relaxing one-knife whittling projects—we ’ ve got you covered with projects like Bob Kozakiewicz ’ s simple Quick Wizard. If you want to carve and sell some perennial craft show favorites, try Vernon DePauw ’ s folk-art style Americana Whale, Glenn Stewart ’ s cheery Daisy Pin, or Don Arnett ’ s Custom Whistles. Found wood projects include Ed LeFave ’ s whimsical Sliding Ball-in-Cage, carved from a broken broom handle, and Marty

Leenhout ' s chip carved paint stir sticks from the local hardware store. Dylan Goodson shows how to use realistic anatomy to bring his classic Sea Captain carving project to life. And pyrography enthusiasts won ' t want to miss Aline Hoff ' s creative techniques for woodburning soulful Animal Eyes.

The world's best how-to magazine for woodcarvers is packed with patterns, techniques, tips, and step-by-step projects for all skill levels. In this issue we feature a fine selection of relief carving projects, from Bob Stadlander ' s tranquil standing blue heron to Carolea Hower ' s two-sided Thanksgiving/Christmas ornament. Dylan Goodson reveals his tricks for creating the illusion of distance in relief landscapes, while Betty Padden explains her simple techniques for high-relief carving. Other popular carving methods are well represented too, from carving-in-the-round to caricature and chip carving. Leah Goddard shows how to create a magnificent bighorn ram bust using only five tools. Mike Pounders ' s trick-or-treat witch makes an amusing addition to your Halloween decorations, while Marty Leenhouts ' s welcoming house sign, carved from high density urethane, will stand up under the toughest weather conditions.

The struggle over the outcome of the 2000 presidential election inspired countless books, most of them hasty political critiques. However, with this book, Howard Gillman had different aims from the beginning: to create a lasting, authoritative document of the 36 days between the election and its legal resolution, to offer an accessible overview of the legal strategies and debates, and to assess the influence of politics and law on the judges who shaped the outcome of this historical controversy.

The world's only annual publication devoted to the study of the laws of armed conflict, the Yearbook of International Humanitarian Law provides a truly international forum for high-quality, peer-

reviewed academic articles focusing on this highly topical branch of international law. Ease of use of the Yearbook is guaranteed by the inclusion of a detailed index. Distinguished by its topicality and contemporary relevance, the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars, practitioners, military personnel, civil servants, diplomats, human rights workers and students.

In an insightful study of the 2000 presidential election, the best-selling author of *A Vast Conspiracy* sheds light on the diverse personalities and the complex issues of race, sex, and power involved in the post-election battle and offers a lucid account of the events, legal complications, and implications of the thirty-six-day struggle to determine who would lead the country.
