Edward C. Moore (1827–1891) was the creative leader who brought Tiffany & Co. to

unparalleled originality and success during the late nineteenth century. A silversmith, designer, and prodigious collector, Moore sought out exceptional objects from around the world, which he then used as inspiration for Tiffany ' s innovative silver designs. This informative, richly illustrated volume, the first study of Moore ' s life, collection, and influence, presents more than 170 examples from his vast collection, ranging from Greek and Roman glass to Spanish vases, Islamic metalwork, and Japanese textiles. These are juxtaposed with sixty magnificent silver objects created by the designers and artisans at Tiffany who were inspired by Moore ' s acquisitions. Included among them are the world-famous Bryant Vase drawing upon Greek examples, a love cup featuring ornate " Saracenic " decoration, and a chocolate pot incorporating novel techniques influenced by Japanese ceramics and lacquerware. The illuminating texts have been enriched by groundbreaking research into contemporary sources such as newspapers and periodicals, the Tiffany & Co. Archives, and a newly identified technical manual and supervisor ' s diaries, all of which provide an intimate look at the firm ' s design processes and Moore ' s role in shaping them. A valuable contribution to the history of American decorative arts, *Collecting Inspiration* illuminates both the legendary Tiffany aesthetic and the legacy of a significant collector, designer, and entrepreneur of the Gilded Age.
