S. J. Kincaid has created a fascinating dystopian world for Insignia, her futuristic science-fiction adventure series perfect for fans of Ender's Game. Earth is in the middle of WWIIII, battling to determine which governments and corporations will control the resources of the solar system.

Catalyst by S. J. Kincaid - Books on Google Play
Catalyst is a fitting closure to the Insignia Trilogy. Everything set up in the first two books, Insignia and Vortex, comes to a head in this book, and Kincaid reveals her hand one card at a time to unfold the master plot that harkens all the way back to book one. It's a masterful accomplishment, and the whole of this book was satisfying to me.

S. J. Kincaid has created a fascinating dystopian world for Insignia, her futuristic science-fiction adventure series perfect for fans of Ender's Game. Earth is in the middle of WWIIII, battling to determine which governments and corporations will control the resources of the solar system. Teen Tom Raines grew up with nothing, some days without even a roof over his head. Then his exceptional gaming skills earned him a spot in the Intrasolar Forces, the country's elite military training program, and his life completely changed. Now in Catalyst, the explosive series conclusion, dangerous changes have come to the Pentagonal Spire where Tom and his friends train. When a mysterious figure starts fighting against the evil corporations' horrifying plans, but with methods Tom finds shocking, he must decide which side he's on. With slim odds of success, is it even worth the fight?

"Insignia expertly combines humor with a disarming and highly realistic view of the future. The characters are real, funny, and memorable. You won't be able to put this book down."—Veronica Roth, #1 New York Times bestselling author of Divergent and Insurgent
The earth is in the middle of WWIIII in Insignia, the first entry in S. J. Kincaid's fast-paced sci-fi adventure trilogy perfect for fans of Ender's Game. The planet's natural resources are almost gone, and war is being fought to control the assets of the solar system. The enemy is winning. The salvation may be Tom Raines. Tom doesn't seem like a hero. He's a short fourteen-year-old with bad skin. But he has the virtual-reality gaming skills that make him a phenom behind the controls of the battle drones. As a new member of the Intrasolar Forces, Tom's life completely changes. Suddenly, he's someone important. He has new opportunities, friends, and a shot at having a girlfriend. But there's a price to pay. . . .

In S. J. Kincaid's fast-paced and humorous sci-fi Insignia trilogy, the earth is in the middle of World War III when teen gamer Tom Raines is recruited to train with other young cadets as a pivotal member of the elite combat corps, the Intrasolar Forces. At the Pentagonal Spire's training academy, he makes the best friends of his life—fellow government weapons-in-training Wyatt Enslow, Vik Ashwan, and Yuri Sysevich. In this 47-page prequel novella to the series, budding genius Wyatt Enslow—intensely loyal and hyperintelligent if occasionally, hilariously, socially awkward—takes center stage as S. J. Kincaid reveals Wyatt's life before she found her place, and her own inner strength, among her devoted band of friends at the Spire. Praise for Insignia: "The characters are real, funny, and memorable. You won't be able to put this book down."—Veronica Roth, New York Times bestselling author of Divergent
Epic Reads Impulse is a digital imprint with new releases each month.

In the heart-pounding conclusion to the New York Times bestselling Diabolic series, the Empire teeters on the edge of destruction as rumors spread that Nemesis is still alive. Three years ago, Tyrus Domitrian shocked the galaxy by killing the woman he swore to love forever. The woman for whom he upended the Empire. The woman with whom he wanted to build a new and brighter future. Now, the once-idealistic heir apparent has become the cruel Emperor Tyrus, wielding his authority with an iron fist, capable of destroying planets with a single word, controlling all technology with a simple thought. He has bent the Grandiloquy to their knees, and none has the power to stand against him. But there is a muttering among the Excess. They say that Nemesis is not truly gone. They whisper of her shadow spotted in distant star systems. They say that Nemesis lives. That she will rise, and rally the people to topple the man who was once her truest love—and is now her fiercest enemy.

The thrilling sequel to S. J. Kincaid's New York Times bestselling novel, The Diabolic, which TeenVogue.com called "the perfect kind of high-pressure adventure." It's a new day in the Empire. Tyrus has ascended to the throne with Nemesis by his side and now they can find a new way forward—one where they don't have to hide or scheme or kill. One where creatures like Nemesis will be given worth and recognition, where science and information can be shared with everyone and not just the elite. But having power isn't the same thing as keeping it, and change isn't always welcome. The ruling class, the Grandiloquy, has held control over planets and systems for centuries—and they are plotting to stop this teenage Emperor and Nemesis, who is considered nothing more than a creature and certainly not worthy of being Empress. Nemesis will protect Tyrus at any cost. He is the love of her life, and they are partners in this new beginning. But she cannot protect him by being the killing machine she once was. She will have to prove the humanity that she's found inside herself to the whole Empire—or she and Tyrus may lose more than just the throne. But if proving her humanity means that she and Tyrus must do inhuman things, is the fight worth the cost of winning it?

Red Queen meets The Hunger Games in this epic novel about what happens when the galaxy's most deadly weapon masquerades as a senator's daughter and a hostage of the galactic court. A Diabolic is ruthless. A Diabolic is powerful. A Diabolic has a single task: Kill in order to protect the person you've been created for. Nemesis is a Diabolic, a humanoid teenager created to protect a galactic senator's daughter, Sidonia. The two have grown up side by side, but are in no way sisters. Nemesis is expected to give her life for Sidonia, and she would do so gladly. She would also take as many lives as necessary to keep Sidonia safe. When the power-mad Emperor learns Sidonia's father is participating in a rebellion, he summons Sidonia to the Galactic court. She is to serve as a hostage. Now, there is only one way for Nemesis to protect Sidonia. She must become her. Nemesis travels to the court disguised as Sidonia—a killing machine masquerading in a world of corrupt politicians and two-faced senators' children. It's a nest of vipers with threats on every side, but Nemesis must keep her true abilities a secret or risk everything. As the Empire begins to fracture and rebellion looms closer, Nemesis learns there is something more to her than just deadly force. She finds a humanity truer than what she encounters from most humans. Amidst all the danger, action, and intrigue, her humanity just might be the thing that saves her life—and the empire.

Red Queen meets The Hunger Games in this epic New York Times bestselling trilogy that's "the perfect kind of high-pressure adventure" (Teen Vogue)—now available in a collectible boxed set! Nemesis is a Diabolic, created to protect Sidonia, the daughter of a galactic senator. There's no one Nemesis wouldn't kill to keep her safe. So when the power-mad Emperor summons Sidonia to the Galactic court to serve as a hostage, Nemesis takes her place. The court is a nest of vipers that Nemesis struggles to navigate without revealing her true abilities. As the Empire begins to fracture and rebellion looms closer, Nemesis finds a humanity within herself that may just be the thing that saves her. In the ensuing fight for power and for peace, Nemesis must decide what lines she's not willing to cross, recover from devastating betrayals, and put everything on the line to protect the people she loves. This hardcover boxed set includes: The Diabolic The Empress The Nemesis

"Insignia expertly combines humor with a disarming and highly realistic view of the future. The characters are real, funny, and memorable. You won't be able to put this book down."—Veronica Roth, #1 New York Times bestselling author of Divergent and Insurgent
