Church History in Brief TODAY, after two thousand years, Christianity is the faith, at least nominally, of one-third of the earth's population. From a handful of fishermen, tax collectors, and youthful troublemakers in an obscure province of Judea, the faith has spread over the globe to claim the loyalty of almost two thousand million inhabitants of our planet.

A Brief History of Celibacy in the Catholic Church. Bookmark/Search this post. A Brief History of Celibacy in the Catholic Church. First Century Peter, the first pope, and the apostles that Jesus chose were, for the most part, married men. The New Testament implies that women presided at eucharistic meals in the early church.

A Brief History of Celibacy in the Catholic Church ...

History teaches how the Christian church has influenced the world (most times a positive influence, but occasionally negative). It also explains why today there are three main branches of Christianity: Eastern (Greek) Orthodox, Roman Catholic, and Protestant, what the differences are, and how they came about.

A comprehensive history of the Catholic Church from its beginnings in Jesus' ministry to its current status in an increasingly secular world.

Presents the history of the Roman Catholic Church from its origins to the present, discussing the role of the Pope, the schisms that split the Church, and its role in the twenty-first century.

Read PDF Catholic Church History A Brief Timeline Wordpress

Here is a one-volume history of the Christian people from Pentecost to the present day, with principal focus on the Catholic Church. Having passed AD 2000 it seems appropriate and necessary to have a new short history of the first two millennia of the Christian era. In the last half century there has been a massive amount of research into Church history, published in learned articles and in multi-volume works. Full notice is taken of these recent scholarly initiatives in writing this short account, which is also eminently readable. In each section there is a balance between the institutional and the more directly religious dimensions of the Church - here are some of the elements: bishops, canon law, charity, councils, crusades, devotions, heresies, laity, liturgy, martyrs, missionaries, parishes, pilgrimages, popes, prayer, priesthood, religious orders, sacraments, schools, theologians, universities and the *vita consacrata*. The scope is wide; the pace of the narrative is attractive.

Expanded and updated for the new millennium. Covering the life of Christ, the election of Pope Benedict XVI, and everything in between, *A Concise History of the Catholic Church* has been one of the bestselling religious histories of the past two decades and a mainstay for scholars, students, and others looking for a definitive, accessible history of Catholicism. With a clarity that will appeal to any reader, Thomas Bokenkotter divides his study into five parts that correspond to the major historical and epochal developments in Catholicism. His authoritative, thorough approach takes readers from the Church's triumph over paganism, through "the sound and fury of renewal," to a new section devoted to such topics as dissent and current developments in the ecumenical movement. Informative illustrations throughout the book, new

to this edition, enrich the reader's experience, and the addition of a wide-ranging bibliography increases its value as a sourcebook.

The Catholic Church: A Brief Popular History is an engaging and informative survey of the major people, periods and events in Church history. Designed with the introductory student in mind, the text is both accessible and thorough. An engaging vignette opens each chapter, drawing the reader in by encouraging a personal connection to the people of the time. A chapter overview then signals the material to follow. Throughout the text, sidebars highlight key persons and events, excerpts from primary sources enrich the reading, connections with the Church today add relevance, and end-of-chapter questions prompt reflection and review. Altogether, The Catholic Church: A Brief Popular History provides a solid foundation in major theological themes and prepares students for further study.

Hans Kung describes the history of the Roman Catholic Church from its origins in St Paul's Rome, through the disputes of the medieval era to the modern world. He examines the historic tension in the Church between pluralism and exclusivity; how the role of the Pope has changed; the motivations of the great reforming pontiffs; the evolving functions of the bishops and cardinals; the story of church's enthusiasm for missionary activity; the origins of the Marian cult; and how the shock waves of the Reformation and Counter-Reformation can still be felt today. The book concludes with a searching assessment of how the Catholic faith confronts the immense challenges - from science, from the empowerment of women, from those seeking reform of the Church's strictures against abortion and contraception - in the new millennium.

Though short, this is a major book by a controversial and profoundly influential thinker.

This revised edition of a one volume history of the Roman Catholic church includes a final chapter giving an impressionistic account of some of the issues facing the Church as it nears the third millennium of its existence. It also covers the Christian history of the first two millennia, from the origins of the Church in New Testament times through to the year 2000.

This revised edition of a one volume history of the Roman Catholic church includes a final chapter giving an impressionistic account of some of the issues facing the Church as it nears the third millennium of its existence. It also covers the Christian history of the first two millennia, from the origins of the Church in New Testament times through to the year 2000.

This updated second edition of the Catechism of the Catholic Church incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

One cannot understand Latin America without understanding the history of the Catholic Church in the region. Catholicism has been predominant in Latin America and it has played a definitive role in its development. It helped to spur the conquest of the New World with its emphasis on missions to the indigenous peoples, controlled many aspects of the colonial economy, and played key roles in the struggles for Independence. The History of the Catholic Church in Latin

Read PDF Catholic Church History A Brief Timeline Wordpress

America offers a concise yet far-reaching synthesis of this institution's role from the earliest contact between the Spanish and native tribes until the modern day, the first such historical overview available in English. John Frederick Schwaller looks broadly at the forces which formed the Church in Latin America and which caused it to develop in the unique manner in which it did. While the Church is often characterized as monolithic, the author carefully showcases its constituent parts—often in tension with one another—as well as its economic function and its role in the political conflicts within the Latin America republics. Organized in a chronological manner, the volume traces the changing dynamics within the Church as it moved from the period of the Reformation up through twentieth century arguments over Liberation Theology, offering a solid framework to approaching the massive literature on the Catholic Church in Latin America. Through his accessible prose, Schwaller offers a set of guideposts to lead the reader through this complex and fascinating history.
