of the Week:

□ Explains not just why we should read books, but how we should read them. It's masterfully done. □

□ Farheed Zakaria

Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and

included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works.

Finally, the authors
