has changed beyond all
recognition is becoming an
industrial powerhouse for the
world. James Kynge shows not
only the extraordinary rise of the
Chinese economy, but what the
future holds as China begins to
influence the world. On the eve of

Online Library China Shakes The World A Ans

the British industrial revolution
some 230 years ago, China
accounted for one third of the
global economy. In 1979, after 30
years of Communism, its
economy contributed only two
per cent to global GDP. Now it is
back up to five per cent, and

Online Library China Shakes The World A Ans

rising. Although China is already a palpable force in the world, its re-emergence is only just starting to be felt. Kynge shows China's weaknesses - its environmental pollution, its crisis in social trust, its weak financial system and the faltering institutions of its

Shakes The World A Ans
every convention on the world
stage, whether policy or business.
China is now the globe's second
largest economy, second largest
exporter, a manufacturing
machine that has lifted 500
million of its citizens from poverty
while producing more than one

Online Library China Shakes The World A Ans Rico And Troubled Future

million US dollar millionaires. Then why do China's leaders describe the nation's economic model as "unstable and unsustainable"? Because it is. James McGregor has spent 25 years in China as a businessman, journalist and author. In this, his

Online Library China Shakes The World A Ans

latest highly readable book, he offers extensive new research that pulls back the curtain on China's economic power. He describes the much-vaunted "China Model" as one of authoritarian capitalism, a unique system that, in its own way, is

Online Library China
Shakes The World A Ans
terminating itself. It is proving
incompatible with global trade
and business governance. It is
threatening multinationals, which
fear losing their business secrets
and technology to China's
mammoth state-owned
enterprises. It is fielding those

Online Library China
Shakes The World A Ans
SOEs – China’s “national Future
champions” -- into a global order
angered by heavily subsidized
state capitalism. And it is relying
on an outdated investment and
export model that’s running out
of steam. What has worked in the
past, won’t work in the future.

Online Library China
Shakes The World A Ans
The China Model must be
radically overhauled if the
country hopes to continue its
march toward prosperity. The
nation must consume more of
what it makes. It must learn to
innovate. It must unleash private
enterprise. And the Communist
