Click On is a five-level course consisting of five modules each for learners of English from complete beginner to intermediate level. In full colour, the course combines active English language learning with a variety of lively topics presented in themed units. Its well-organised syllabus promotes the gradual development of all four language skills needed by learners to communicate effectively in English. The cross-cultural approach of the course stimulates learners' interest, focusing on topics carefully chosen to motivate. The Student's Book and the Workbook for each level are designed to be covered in approximately 70 to 80 hours of classroom work.

About the Workbook Most citizens, certainly would agree that the United States of America (USA) is the best place in the World to live. We have boundless educational and economic opportunities. We are, for the most part, physically secure. We have little reason to be fearful of our Government. We have unsurpassed personal freedom. The good old USA is wonderful. The framers of our Constitution did a marvelous job of addressing the problems of their time and those they foresaw. However, the times have changed drastically. The Supreme Court has been forced to make increasingly obtuse interpretations of the Constitution to rule on the problems of today. Some of the judges even look overseas for interpretations that could be placed on our Constitution! We have a legal hodgepodge only a lawyer can understand and love Therefore, like the once beautiful lawn now covered with weeds, the beauty queen now covered with fat or the sleek, new automobile now covered with rust, the USA is now covered with problems, serious internal problems. The Workbook provides you an opportunity to express your thoughts about a new Constitution in an on-line Opinion Poll CAUTION! CAUTION! CAUTION! CAUTION! DUE TO THE OPINION POLL, THE WORKBOOK CAN NOT BE RETURNED. ALL SALES ARE FINAL. YOU WILL NEED ACCESS TO A COMPUTER ON LINE TO PARTICIPATE IN THE WORKBOOK OPINION POLL. YOU WILL HAVE 90 DAYS FROM THE FIRST TIME YOU LOG ON TO COMPLETE THE POLL.

Knowing that this world is now moving toward a global village—we are in information era where practically nothing can be done without the power of computers in most industries. A solid knowledge about fundamentals of computing has become indispensable in everyday life. This book has been prepared for you to uncover several confusing concepts that pose a big challenge to computer learners and users. I am coming from both educational and professional background with great experience to better alienate the hinges that serve as obstacles to high-tech solutions to everyone. It is the togetherness of a great practical experience, educational and teaching skills, technical know-how, and continuous customer value-added service and research that has always been the source of creation of this book and three other computer science books. The feedbacks so far received from few professors in information technology in Dallas, Texas, area strongly suggests the use of these books as a great fundamental and companion material for computer science students. In Ghana, the Education Service and Curriculum Research and Development Department (CRDD) has approved the Concise ICT Fundamentals textbook as the recommended supplementary material for the teaching and learning of ICT in senior high schools, technical schools, and colleges of education and for general usage. The organization of the core material in this book both provides support training unconditionally to everyone who wants to be computer literate and also extends its learning curve to high quality ICT systems engineering to individuals or companies already operational in the high-tech industry. This book provides a solid foundation for information technology. This book is essentially prepared for senior high school and first year college students. You don't want to miss this good news.
