Closed Hearts by Susan Kaye QuinnMy rating: 5 of 5 starsI have to say now that I have finished this book I feel like my mind has been jacked! Wow what an action-packed and emotionally draining book!

Closed Hearts (Mindjack Trilogy #2) [REVIEW] | Stormy Dayz Gamez

Closed Hearts is the second book in this Mindjack Trilogy and I think it's even better than the first one. This story is original, fast paced and full with action. I did had some problems at the start of the book with remembering what happened in the first book and with remembering the meaning of some words the author made up for this series.

When you control minds, only your heart can be used against you. Eight months ago, Kira Moore revealed to the mindreading world that mindjackers like herself were hidden in their midst. Now she wonders if telling the truth was the right choice. As wild rumors spread, a powerful anti-jacker politician capitalizes on mindreaders' fears and strips jackers of their rights. While some jackers flee to Jackertown—a slum rife with jackworkers who trade mind control favors for cash—Kira and her family hide from the readers who fear her and jackers who hate her. But when a jacker Clan member makes Kira's boyfriend Raf collapse in her arms, Kira is forced to save the people she loves by facing the thing she fears most: FBI agent Kestrel and his experimental torture chamber for jackers. When everyone reads minds, a secret is a dangerous thing to keep. Sixteen-year-old Kira Moore is a zero, someone who can't read thoughts or be read by others. Zeros are outcasts who can't be trusted, leaving her no chance with Raf, a regular mindreader and the best friend she secretly loves. When she accidentally controls Raf's mind and nearly kills him, Kira tries to hide her frightening new ability from her family and an increasingly suspicious Raf. But lies tangle around her, and she's dragged deep into a hidden underworld of mindjackers, where having to mind control everyone she loves is just the beginning of the deadly choices before her. In a world filled with mindreaders, Zeph is a mindjacker who wants to stay hidden—even if it means the cute mindreader in his Latin class is forever out of his reach. He uses his ability to lock and unlock minds to gain protection from a ruthless mindjacker Clan and to keep his family safe. But when the existence of mindjackers is revealed to the world, it's no longer safe for any jacker. Zeph is forced to choose between destroying the mind of a young jacker changeling [↗](#) or turning his back on everyone he loves. The Locksmith is Zeph's origin story. AUTHOR BIOGRAPHY Susan Kaye Quinn is a rocket scientist turned speculative fiction author who now uses her PhD to invent cool stuff in books. Her works range from young adult science fiction to adult future-noir, with side trips into royal fantasy romance and middle grade. Her bestselling novels and short stories have been optioned for Virtual Reality, translated into German and French, and featured in several anthologies. She writes full-time from Chicago, inventing mind powers and dreaming of the Singularity. See her website for free stories, trailers, and links to social media.

When your mind is a weapon, freedom comes at a price. Four months have passed since Kira left home to join Julian's Jacker Freedom Alliance, but the hole in her heart still whistles empty where her boyfriend Raf used to be. She fills it with weapons training, JFA patrols, and an obsessive hunt for FBI agent Kestrel, ignoring Julian's worries about her safety and repeated attempts to recruit her for his revolutionary chat-casts. When anti-jacker politician Vellus surrounds Jackertown with the National Guard, Kira discovers there's more to Julian's concerns than she knew, but she's forced to take on a mission that neither want and that might be her last: assassinating Senator Vellus before he can snuff out Julian's revolution and the jackers she's come to love. When mindreaders run the world, being a jacker makes you a weapon. Zeph can break open the toughest minds—or lock the weakest—which only means every Clan leader wants to own him. He did as he was told, kept his head down, and tried to shut out the screams. But when they came after his family, he hugged his kid sister goodbye and ran away to keep them safe. For two years, hell's passed as a reader. Then his family disappears, readers start changing into super jackers, and Zeph is forced to return to a city filled with jackers who hate him. To find his family, he must trick a mindware CEO into helping him, avoid a girl who knows him too well, and spy on the most powerful jacker in the state. All without dying or revealing his abilities—or being caught in the firestorm of hate between jackers and readers that's threatening to pull the world apart. The bestselling Mindjack Series continues with an all new character and a world of mindreaders and mindjackers as you've never seen it before. LOCKED TIGHT is the first of three Mindjack novels from Zeph's perspective. (See The Locksmith for Zeph's origin story.) Closed Hearts: (Book Two in the Mindjack Trilogy) by Susan ...

For better, for worse. In sickness and in health. It's a legal vow of care for families in 2050, a world beset by waves of climate-driven plagues. Power engineer Lucia Ramirez long ago lost her family to one she'd give anything to take that vow. The Power Islands give humanity a fighting chance, but tending kelp farms and solar lilies is a lonely job. The housing AI found her a family match, saying she should fit right in with the Senegalese retraining expert who's a force of nature, the ex-Pandemic Corps cook with his own cozy channel, and even the writer who insists everything is stories, all the way down. This family of literal and metaphorical refugees could be the shelter she's seeking from her own personal storm. She needs this one to work. Then an unscheduled power outage and a missing turtle-bot crack open a mystery. Something isn't right on Power Island One, but every step she takes to solve it, someone else gets there first—and they're determined to make her unsee what she's seen. Lucia is an engineer, not a detective, but fixing this problem might cost her the one thing she truly needs: a home. When You Had Power is the first of four tightly-connected novels in a new hopepunk series. It's about our future, how society will shift and flex like a solar lily in the storms of our own making, and how breaks in the social fabric have to be expected, tended to, and healed. Because we're in this together, now more than ever before. Keywords: hopepunk, climate fiction, Puerto Rico, Puerto Rican, Latino, Hispanic, solarpunk, climate change, climate crisis, solar energy, green energy, clean energy, global warming, pandemic, plague, underwater adventure, kelp farming, fusion engineering, wind energy, literary science fiction, mystery, suspense, hard science fiction, dystopian, heroine's journey
