NLP (Neuro-Linguistic Programming) is believed by many to be a powerful set of tools for facilitating change and enhancing performance. Yet, despite the success stories and proliferation of courses, there is still much skepticism about the validity and effectiveness of NLP. In NLP Coaching Susie Linder-Pelz brings, for the first time, an evidence-based perspective to this coaching methodology. She explains how and where NLP coaching is used, examines its links to established principles and practices, and questions aspects of NLP where the empirical evidence is missing. She reviews recent developments in NLP-based coaching practice and proposes a specific research agenda that will move NLP coaching towards an evidence-based approach. NLP Coaching provides numerous case studies and real-life examples which show how NLP assists personal, professional, team, leadership and organizational development. The book includes contributions from leaders in the field: Andrew Bryant, Michelle Duval, Joseph O'Connor, Paul Tosey and Lisa Wake.

Coaching is very big business. Over the last decade it has become one of the most popular approaches to personal and business development. Coaching books tend to focus on just one method, and just one of five main areas: Executive coaching (for senior business people); Business coaching (for companies to improve results); Life coaching (for people who want a better sense of fulfilment and wellbeing); Sports coaching (for individual athletes); Team coaching (for teams in sport or business) Pragmatic and informative, How Coaching Works is the first to explain the key concepts that underpin all of these different areas. It also explores how different ideas have blended to give rise to what we know as 'coaching' today, and singles out what works. The authors are two of the world's leading experts in this field. In How Coaching Works they have created a must-have book for practising coaches, students and anyone interested in the subject.
